**Jump-Starting a Career in Medical Technology** Amie Jane Leavitt, 2013-12-15 In hospitals and clinics, there are people who, among other things, take X-rays, MRIs, CAT scans, and ultrasounds. And there are those who repair that same equipment. There are also people who work in research laboratories, veterinary offices, and dental and ophthalmology offices. All of these people work in the field of medical technology. Readers will get a detailed description of some of these jobs, as well as a selection of in-depth personal interviews with people who are currently employed in the industry. They will find out what education they'll need.
