love it or hate it but you can never be indifferent towards it This edition presents the dynamic aspect of Indian Polity the living breathing ever changing ever challenging democratic environment which is as complex as elusive and as mind boggling as the realities of India itself Democracy one can say is the arena where the various theories and principles wrestle grapple and jostle with each other to prove their pertinence and justify their existence This book has been done in an equally diligent and devoted manner for revealing the complexities while retaining the simplicity of the subject in hand I hope the present work will prove to be a fascinating informative and enriching read for both students and casual but curious readers alike
