Lowell Joseph Ragatz

Mss Ch 14 Study Guide:

History of the Pauline Corpus in Texts, Transmissions and Trajectories Chris S. Stevens, 2020-06-15 In *History of the Pauline Corpus in Texts Transmissions and Trajectories* Chris S Stevens examines the Greek manuscripts of the Pauline texts from P46 to Claromontanus Previous research is often hindered by the lack of a systematic analysis and an indelicate linguistic methodology This book offers an entirely new analysis of the early life of the Pauline corpus Departing from traditional approaches this text critical work is the first to use Systemic Functional Linguistics which enables both the comparison and ranking of textual differences across multiple manuscripts Furthermore the analysis is synchronically oriented so it is non evaluative The results indicate a highly uniform textual transmission during the early centuries The systematic analysis challenges previous research regarding text types Christological scribal alterations and textual trajectories [A Guide for the Study of British Caribbean History, 1763-1834](#) Lowell Joseph Ragatz, 1932 **CompTIA**
