Myers,2017-02-23 Thus begins market leading author David Myers discussion of developmental psychology in Unit 9 of his new Myers Psychology for AP Second Edition With an undeniable gift for writing Dr Myers will lead your students on a guided tour of psychological science and poignant personal stories Dr Myers teaches illuminates and inspires Four years ago we published this ground breaking text which is correlated directly to the AP course Today we build on that innovation and proudly introduce the 2nd AP Edition Whether you are new to AP psychology or have many years under your belt this uniquely AP book program can help you achieve more Hollywood or History? Scott L. Roberts,Charles J. Elfer,2024-10-01 In response to the limitations associated with teaching through film we sought to develop practical lesson ideas that might bridge gaps between theory and practice and assist teachers endeavoring to make effective use of film in their classrooms One of the more interesting sources of visual media many authors in the previous volumes elected to use as the focus of their lesson plans were cartoons These lesson plans have been some of the more popular in the series and are often easier to adapt for a variety of grade levels In conducting research for this volume we learned that cartoons are an often used media sources in the classroom They have similar strengths and weaknesses in not only the teaching of history but other social studies disciplines as well While in many cases their intended audience is younger children people of all ages enjoy cartoons This makes them useful for teaching students at all grade levels as well as adults as there will be immediate buy in if used as a source of analysis for inquiry based lessons As with live action film we believe cartoons can also serve as a powerful tool in the social studies classroom and if appropriately utilized can foster critical thinking and civic mindedness The College Career and Civic Life C3 framework adopted by the National Council for the Social Studies in 2013 represents a renewed and formalized emphasis on the perennial social studies goals of deep thinking reading and writing The C3 is comprehensive and ambitious Moreover we believe that as teachers endeavor to digest and implement the platform in schools and classrooms across the country the desire for access to structured strategies that lead to more active and rigorous investigation in the social studies classroom will grow increasingly acute Our hope is that the present volume might play a small role in the larger Hollywood or History project of supporting practitioners specifically teachers of preK 12 social studies disciplines by offering a collection of 19 classroom ready lesson designed to foster social studies inquiry through the careful use of selected
