My Life With Alexander Archipenko:

My Life with Alexander Archipenko Frances Archipenko Gray, 2014 Modernist sculptor Alexander Archipenko born 1887 Kiev died 1964 New York City has been called the Picasso of Sculpture for the Cubist elements he introduced to create a new way of looking at the human figure This deeply personal biography written by his artist wife during his last eight years casts a new light on this extremely productive innovative but little known period of his career Despite an age difference of nearly fifty years Frances Gray a student at his school in Woodstock New York formed a deep and lasting companionship with Archipenko leading to marriage in 1957 Gray paints a rounded picture of a complex and fascinating personality part artist part businessman part spiritual seeker When the art world turned away from modernism toward Abstract Expressionism Archipenko's work fell from critical favour Archipenko was increasingly plagued by problems with forgeries and fraudulent authentications of his work and the book casts a new light on his resulting volatile relationships with many dealers museums and collectors

The Architect and Designer Birthday Book James Biber, 2024-06-25 A thoughtfully curated collection in a stunning package that recognizes and celebrates the birthdays of famous infamous and often overlooked designers and architects The gift book for design and architect professionals and students they didn't know they needed but will no longer be able to live without Drawn from architect James Biber's epic Instagram project in which he posted a birthday bio of a famous or less famous designer or architect every day for a mid pandemic year The Architect and Designer Birthday Book is filled with personal opinionated and humorous observations on fascinating design and architect figures past and present The minibiographies and birthday profiles in the book cover a range of international architects and designers as well as artists including Architects from the Aaltos Aino and Alvar to Zumthor Rivals Bernini and Borromini Photographers Lee Miller Louise Dahl Wolfe Vivian Maier Dody Weston Thompson Margaret Morton and Judith Turner Midcentury modernists Marcel Breuer Walter Gropius and Florence Knoll Charlotte Perriand Lilly Reich Anne Tyng and Denise Scott Brown More anecdotal histories than authorized biographies these daily profiles are not only fun to read but provide spot on commentary for anyone interested in how designers and architects relate to each other as well as their place in history It is the intersection of Biber's life and the history of architecture and design

Archaism, Modernism, and the Art of Paul Manship Susan Rather, 2014-11-06 Archaism an international artistic phenomenon from early in the twentieth century through the 1930s receives its first sustained analysis in this book The distinctive formal and technical conventions of archaic art especially Greek art particularly affected sculptors some frankly modernist others staunchly conservative and a few who like American Paul Manship negotiated the distance between tradition and modernity Susan Rather considers the theory practice and criticism of early twentieth century sculpture in order to reveal the changing meaning and significance of the archaic in the modern world To this end and against the background of Manship's career she explores such topics as the archaeological resources for archaism the classification of the non Western art of India as archaic the interest of sculptors in modern dance

Isadora Duncan and Ruth St Denis and the changing critical perception of archaism Rather rejects the prevailing conception of archaism as a sterile and superficial academic style to argue its initial importance as a modernist mode of expression The early practitioners of archaism including Aristide Maillol Andr Derain and Constantin Brancusi renounced the rhetorical excess overrefined naturalism and indirect techniques of late nineteenth century sculpture in favor of nonnarrative stylized and directly carved works for which archaic Greek art offered an important example Their position found implicit support in the contemporaneous theoretical writings of Emmanuel L wy Wilhelm Worringer and Adolf von Hildebrand The perceived relationship between archaic art and tradition ultimately compromised the modernist authority of archaism and made possible its absorption by academic and reactionary forces during the 1910s By the 1920s Paul Manship was identified with archaism which had become an important element in the aesthetic of public sculpture of both democratic and totalitarian societies Sculptors often employed archaizing stylizations as ends in themselves and with the intent of evoking the foundations of a classical art diminished in potency by its ubiquity and obsolescence Such stylistic archaism was not an empty formal exercise but an urgent affirmation of traditional values under siege Concurrently archaism entered the mainstream of fashionable modernity as an ingredient in the popular and commercial style known as Art Deco Both developments fueled the condemnation of archaism and of Manship its most visible exemplar by the avant garde Rather s exploration of the critical debate over archaism finally illuminates the uncertain relationship to modernism on the part of many critics and highlights the problematic positions of sculpture in the modernist discourse

Humanize Thomas Heatherwick,2023-11-07 From one of the world s most innovative designers comes a fiercely passionate manifesto on why so many places have become miserable and boring and how we can make them better for everyone featuring hundreds of photographs and illustrations that will change how you see the world around you We are living through a global catastrophe Buildings affect how we feel moment by moment day by day They have the power to lift us up and make us feel awestruck playful safe and inspired just as they can make us feel alienated and sad But many of the places where we live work learn and heal have become monotonous and disposable We re surrounded by cheap boring buildings that make people stressed sick and unhappy In short much of our world has been crafted in a way that is hostile to human experience Now drawing on his experience of the last thirty years in making bold beautiful objects and buildings Thomas Heatherwick offers both an informed critique of the inhumanity in most of today s contemporary building design and a rousing call for action Looking through Heatherwick s eyes we see familiar landmarks and cityscapes around the world from London Paris Barcelona Singapore New York Vancouver and beyond both old and new famous and obscure to learn how places can either sap the life out of us or nourish our senses and our psyche The time has come he says to put emotion back

at the heart of the design process and the reasons to do so could not be more urgent Design is not superficial it has an impact upon economics climate change our mental and physical wellbeing even the peace and cohesion of our societies As citizens and users we need a world full of architectural diversity that delights and unites us And as makers and designers we can help create a world where cities reconnect with their essential mission to provide human spaces where people mix meet inspire each other and live out their full potential Elegantly crafted by Heatherwick s own studio and fully illustrated with hundreds of black and white photos Humanize is an urgent call to arms for making our world a better place for everyone to live and provides the vision and tools for us to make it a reality **Living with Art** Hollis Taggart Galleries,2002 **Arts Digest** ,1929 **Arts Magazine** ,1976 **Modern** Philip Hook,2022-04-19 An exploration of the revolutionary birth of Modern art in the tumultuous decade brought to a shattering close by WWI **Art and Archaeology** ,1926 *Joseph Csáky* Edith Balas,1998 Joseph Csaky 1888 1971 a neglected pioneer of early Modernism was a native of Hungary who became a dedicated member of the Parisian avant garde He took part in the 1912 Section d Or Exhibition considered by many to mark the high point of the Cubist movement He was an intimate friend of such innovative giants as Picasso Braque yet he spent the last 30 years of his life in obscurity was virtually destitute at his death This ground breaking study includes a detailed discussion of his career over 100 illus of his major sculpture a translation of the artist s autobio that provides a wealth of new info about the early Parisian avant garde **Edith Halpert, the Downtown Gallery, and the Rise of American Art** Rebecca Shaykin,2019-10-11 This book presents the fascinating untold story of art world tastemaker Edith Halpert who sold promoted and effectively defined American art in the 20th century **Art Digest** ,1926 Includes section The great calendar of American exhibitions Ukraine Roman Weres,1974 *Direct Stone Sculpture* Milt Liebson,1991 The ancient and wonderful art of direct stone sculpture is brought to life in this comprehensive new book by the noted sculptor Milt Liebson After a brief informative historical overview of stone sculpture he leads the reader through the hands on experience of sculpting in stone This is the book that artists and would be artists in stone have been seeking for many years The types of stone used in sculpture are covered as well as the basic tools for hand sculpting and the techniques for their use For the advanced sculptor there is detailed information on power tools and their use the methods of lamination and repair the business side of stone sculpture and other helpful information gleaned from years of experience Detailed photographs take the readers from the rough stone to the polished and mounted piece *Direct Stone Sculpture* promises to be the standard reference work in the field for years to come **Digest of the Soviet Ukrainian Press** ,1965 **ARTnews** ,1958 **Unity** ,1928
