Turn the radio on by rotating the Power/Volume control knob clockwise. Adjust the volume to a comfortable level while pressing the volume adjust button (15)

### HOME select (17)

Press the button with the "house" icon to change the radio to the programmed HOME talkgroup.

### PTT – Push to Talk (14)

Press and hold the PTT button and wait for the triple beep (permission to talk) signal from the AWIN network before speaking.

### Display backlight (13)

In dark locations, to see the display, press the backlight button. This is a toggle button that turns the light on and off.

## ZONE SELECTION

The **Soft keys** on the face of the radio can be used to change between zones on the radio. Press the soft key (7) under the "zone" label in the display

Just like the function of a spreadsheet, the scroll right arrow (18) steps to a higher zone number until you pass the last zone, after which it will roll over to the first zone.

The scroll left arrow (16) functions the same way, and will roll to the last zone when you pass the first zone.

The channel selector knob (9) is used to select a Talkgroup in the currently selected zone.

The programming template is described on the second page of this document. The highlighted Talkgroups are of particular interest to healthcare users.
