**Nutrition for the Older Adult** Melissa Bernstein, Ann Luggen, 2010 Nutrition for the Older Adult is a clear comprehensive text that introduces students to nutrition and health promotion for older adults. Covering such important topics as the physiological changes of aging, weight and nutrition problems in older adults, nutritional assessment and support for the elderly, and diet and cultural diversity as well as exercise prescriptions for older adults, this text is an essential resource for students in the fields of nutrition, nursing, and gerontology.

Occupational Therapy with Aging Adults - E-Book Karen Frank Barney, Margaret Perkinson, 2024-06-21 Get all the information you need to work holistically, creatively, and collaboratively when providing services for older adults with Karen Frank Barney, Margaret A. Perkinson, and Debbie Laliberte Rudman's *Occupational Therapy with Aging Adults*, 2nd Edition. Emphasizing evidence-based, occupation-based practice and a collaborative interdisciplinary approach, this text walks students and practitioners through the full range of gerontological occupational therapy practice, inclusive of working with individual clients to working at systems and societal levels. Over 80 leaders in their respective topical areas contributed to the book's 33 chapters, including the conceptual foundations and principles of gerontological occupational therapy, bio psychosocial age-related changes, environmental forces shaping occupational participation for older adults, the continuum of health care as well as implications for communities and the attributes, ethical responsibilities, and roles involved in gerontological occupational therapy. This edition also covers topical OT issues that are crucially important to an aging population, such as diversity and inclusion, disability, and aging sexuality, technology, telehealth, and virtual environments, intergenerational connections, updates on dementia research, and caring for someone with dementia, occupational justice, and aging age-inclusive communities, and an expanded section on hearing to ensure your students are well versed in every aspect of this key practice area. UNIQUE Intraprofessional and interprofessional approach to intervention emphasizes working holistically and collaboratively in serving older adults. UNIQUE Chapter on the wide range of physiological, musculoskeletal, and neurological changes among the aging patient population highlights related occupational performance issues. Case examples help you learn to apply new information to actual client and community situations. Chapter on evidence-based practice discusses how to incorporate evidence into clinical or community settings. Questions at the end of each chapter can be used for discussion or other learning applications. UNIQUE Chapters on nutrition, food insecurity, and oral health explore related challenges faced by older adults. Chapter on ethics provides a deeper understanding of how to address challenging ethical dilemmas.
