PRONUNCIATION GT BIBLE PE Cook David C, 2017-11-01      Manual of English Pronunciation and Spelling Richard  
Soule, 2017-11-25 Excerpt from Manual of English Pronunciation and Spelling Containing a Full Alphabetical Vocabulary of  
the Language With a Preliminary Exposition of English Orthoepy and Orthography And Designed as a Work of Reference for  
General Use and as a Text Book in Schools Of American writers who have given a careful attention to the subject of  
pronunciation Dr Webster stands first in point of time and probably first also as regards the extent to which the influence of  
authority upon this subject has prevailed in the United States if we may judge from the large circulation in this country of his  
Dictionary and his Spelling book But it is to be observed that both these works have been subjected to considerable revision  
by their editors since Dr Webster's death in 1843 with respect both to pronunciation and to orthography In order therefore  
to ascertain the mode in which Dr Webster himself pronounced words the compilers of this Manual have examined very  
carefully the edition of his Dictionary published in 1841 which was the last issued during his lifetime To this was appended in  
1843 shortly after the author's death a Supplement of new words which was prepared by his own hand and which has  
accordingly been examined with the same object By comparing this edition with that of 1859 edited by Dr Goodrich the  
changes of pronunciation introduced by the latter have been determined They were made according to the statement of Dr  
Goodrich in reply to a letter addressed to him on the subject in conformity with Dr Webster's known principles and in con-  
sultation with his son Mr William G Webster who had been associated with him in his literary labors We supposed ourselves  
says Dr Goodrich to be well acquainted with the principles on which he would have wished such a revision to be conducted It  
is matter of mere conjecture how far he might have been satisfied with each individual alteration I am not certain he would  
have rejected any of them I am sure he would have embraced nearly all had he lived to understand the progress of the public  
mind as we have endeavored to do in his behalf A dictionary from the nature of the case is a progressive thing As the  
language is in a state of slow but continual progress the volume that records it must from time to time undergo  
corresponding changes About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find
