Mexico & [and] Central America report [Anonymus AC02851627],[Anonymus AC02851628],1979 **Latin American Regional Reports** ,1993 *Latin America Regional Reports* ,1999 **Latin America Regional Reports** ,1992 **New Caribbean Thought** Brian Meeks,Folke Lindahl,2001

The dawn of the twenty first century is an opportune time for the people of the Caribbean to take stock of the entire experience of the past forty years since the ending of direct colonialism The authors believe it is now time to chart our future by carefully learning the lessons of the recent past This interdisciplinary collection is the first to cross traditionally restrictive disciplinary barriers to address the tough questions that face the Caribbean today What went wrong with the nationalist project What if any are the realistic options for a more prosperous Caribbean What are to be the roles of race gender and class in a more global less national world Meeks and Lindahl include thought provoking articles from twenty one respected thinkers in diverse fields of study The groundbreaking articles include critiques of existing bodies of thought reformulations of general theoretical approaches policy oriented alternatives for future development and more This book is a must for statesmen academics and students of political theory social theory Caribbean studies comparative gender studies post colonial studies Marxism and Caribbean history and anyone interested **Political Liberalization In Brazil** Wayne A Selcher,2019-07-09 The civilian government inaugurated in Brazil in March 1985 following twenty one years of military rule is the culmination of a slow process of liberalization that has brought greater freedom of political expression organization and activity How the Sarney government responds to the challenges it faces and the institutional choices it must make will shape Brazil s political evolution for years to come Should Brazil develop a democratic system it would be the third most populous democracy in the world Political trends in Brazil are therefore of considerable significance to Latin America and the United States In this comprehensive analysis of the forces pushing democratization forward those opposing it and the contradictions created by the ad hoc nature of the dynamics between the two the contributors examine the legacy of two decades of authoritarian rule the choices facing the civilian government and possible future developments *A Political And Social History Of Guyana, 1945-1983* Thomas Spinner,2021-11-28 Originally published in 1984 this is a documented account of the political history of the former British colony of Guyana Providing a reflection of the increasing involvement of the United States in the Caribbean and Central America on the long term political social and economic effect that intervention can have on the small states of less developed countries during the period of 1945 to 1983 The text includes a detailed historical account of post World War II politics and moves onto the emergence of the nationalist movement in Guyana in the

late 1940s and the cold war period of the 1950s concluding with the consequences both politically and economically in the 1980s *Latin American Economic Report* ,1986 *Latin American Regional Reports* ,2001 *Latin America Regional Reports* ,1993 *Latin American Regional Report: Southern Cone Report* ,1985 **Latin America Economic Report** ,1979 *Indebted Development* Howard P Lehman,1993-07-13 The Dreyfus Affair or simply L Affaire was the defining event in French life between the disasters of the Franco Prussian War and the First World War After decades of prosperity and growth following the Prussian invasion the destruction of the Paris Commune and the seemingly successful creation of the Third Republic the Affair cruelly exposed the bitter divisions within French society The French army was torn apart ministers were forced to resign new political groupings were created and ultimately the Affair led to an attempted coup and contributed to the paranoia that almost resulted in a catastrophic Anglo French war in 1898 This short work fills the need for a comprehensible concise book which focuses on the scale and complexity of the Dreyfus Affair *Latin America Regional Reports* ,1996 **Latin American Weekly Report** ,2004 **Competitive Authoritarianism** Steven Levitsky, Lucan A. Way,2010-08-16 Based on a detailed study of 35 cases in Africa Asia Latin America and post communist Eurasia this book explores the fate of competitive authoritarian regimes between 1990 and 2008 It finds that where social economic and technocratic ties to the West were extensive as in Eastern Europe and the Americas the external cost of abuse led incumbents to cede power rather than crack down which led to democratization Where ties to the West were limited external democratizing pressure was weaker and countries rarely democratized In these cases regime outcomes hinged on the character of state and ruling party organizations Where incumbents possessed developed and cohesive coercive party structures they could thwart opposition challenges and competitive authoritarian regimes survived where incumbents lacked such organizational tools regimes were unstable but rarely democratized *Latin American Regional Reports* ,
