Egyptians and Assyrians are the outcome of this science portions of which are current in our own thought and language Thus when we speak of commerce the merchant and the market we are going back to traditional knowledge which associated the winged messenger of the gods with the ship in full sail the word merx trade being at the root of the name Mercury and the symbol the hieroglyph for all that the name imports We call the Sun he and the Moon she tracing unconsciously a subtle correspondence between the day and the active male function in nature and between the night and the passive female function We speak of jovial men and infer their connection with the planet Jupiter and all our destructive and hurtful ideas are embodied in such words as to mar martial murder etc linking them to their source in the root marna to strike because the destructive element in nature is represented in our system by the planet Mars *The Way of the Golden Section* John Michael Greer, 2021-11-11 A manual for self study and self initiation into the tradition of occult study and practice and ultimately into the Golden Section Fellowship This accessible and fascinating book contains comprehensive instructions for occult study including morning and evening exercises the sphere of protection body practices opening and closing a lodge and the final ritual of initiation Also covered are exercises and meditations for the thirty three symbols of the Way of the Golden Section The Way of the Golden Section re examines the teachings of occultism to address the needs hopes and fears of people in an ever changing world Drawing on occultism's long heritage this book presents occult training in a refreshing new way that is suited to today's students **Manual of cartomancy and occult divination** Arthur Edward Waite, 1972
