Testing and Assessment in Counseling Practice C. Edward Watkins, Jr., Vicki L.

Campbell, 2012-12-06 The primary purpose of this revision remains identical to that of the first edition to show how key personality cognitive behavioral and vocational tests assessment procedures can be used by counselors in their work with clients Too often assessment books only provide the reader with information about tests and assessment procedures They do not however take the next step showing readers how these tests assessment procedures can be used and integrated into the actual work of counseling This revision is designed to fill that void Chapter authors all of whom are experts in their respective topic areas share the theoretical and research backgrounds about a particular test assessment procedure and then provide a case example or examples to show how assessment data can be meaningfully incorporated into the counseling process

Personality Assessment Robert P. Archer, Steven R. Smith, 2011-05-20 Personality Assessment provides an overview of the most popular self report and performance based personality assessment instruments Designed with graduate level clinical and counseling psychology programs in mind the book serves as an instructional text for courses in objective or projective personality assessment It provides coverage of eight of the most popular assessment instruments used in the United States from authors key in creating or developing the research base for these test instruments The uniquely informed perspective of these leading researchers as well as chapters on clinical interviewing test feedback and integrating test results into a comprehensive report will offer students and clinicians a level of depth and complexity not available in other texts
