Psychoanalysis and the family in twentieth-century France Richard Bates, 2022-02-08 In the last quarter of the twentieth century if French people had a parenting problem or dilemma there was one person they consulted above all Françoise Dolto 1908-88 But who was Dolto How did she achieve a position of such influence What ideas did she communicate to the French public This book connects the story of Dolto's rise to two broader histories the dramatic growth of psychoanalysis in postwar France and the long running debate over the family and the proper role of women in society It shows that Dolto's continued reputation in France as a liberal and enlightened educational thinker is at best only partially deserved and that conservative and anti feminist ideas often underpinned her prominent public interventions While Dolto retains the status of a national treasure her career has had far reaching and sometimes harmful repercussions for French society particularly in the treatment of autism *La relation d'aide* Ermanno Genre, 1997 *Reading Freud* Jean-Michel Quinodoz, 2013-12-16 Winner of the 2010 Sigourney Award Reading Freud provides an accessible outline of the whole of Freud's work from *Studies in Hysteria* through to *An Outline of Psychoanalysis* It succeeds in expressing even the most complex of Freud's theories in clear and simple language whilst avoiding oversimplification Each chapter concentrates on an individual text and includes valuable background information relevant biographical and historical details descriptions of Post Freudian developments and a chronology of Freud's concepts By putting each text into the context of Freud's life and work as a whole Jean-Michel Quinodoz manages to produce an overview which is chronological correlative and interactive Texts discussed include *The Interpretation of Dreams* *The Uncanny* *Civilisation and its Discontents* The clear presentation with regular summaries of the ideas raised encourages the reader to fully engage with the texts presented and gain a thorough understanding of each text in the context of its background and impact on the development of psychoanalysis Drawing on his extensive experience as a clinician and a teacher of psychoanalysis Jean-Michel Quinodoz has produced a uniquely comprehensive presentation of Freud's work which will be of great value to anyone studying Freud and Psychoanalysis **FRANÇOISE DOLTO ET L'ÉDUCATION** Françoise Cheboux, 1999-04-01 Cet ouvrage nous propose une rencontre avec Françoise Dolto que l'on voit l

Eastern Religions, Spirituality, and Psychiatry H. Steven Moffic, Rama Rao Gogineni, John R. Peteet, Neil Krishan Aggarwal, Narpinder K. Malhi, Ahmed Hankir, 2024-07-30 This book provides a thorough comprehensive and accessible reference for all the major Eastern faith traditions and their intersection with psychiatry. Understanding Eastern religion is of paramount value to all mental health professionals as there is a growing emphasis on religion and spirituality as a part of clinical cultural competence interventions predominantly in North America and Europe. Additionally there is rising membership in Eastern Asian and non Semitic faith traditions in North America and Europe. Hence more patients and clinicians belong to these non Western faiths than ever before. The volume is divided into five parts. Part 1 covers general issues including principles of culture, religion and spirituality in psychiatry, spirituality across the lifespan, child rearing practice and faith and how death and dying is approached in these Eastern traditions. Part 2 covers specific Eastern religions and spiritual traditions including basic principles and research based clinical aspects of Hinduism, Buddhism, Sikhism, Taoism, Zoroastrianism, Jainism as well as Confucian philosophical ideas. Part 3 attempts to apply the importance of cultural humility to perspectives on the Eastern Traditions from Western Psychiatry. These include Christian, Muslim and Jewish perspectives not of expertise but of explorations in learning. Part 4 covers specific social psychiatric perspectives including the psychiatric harm that can come from caste divisions and cults posing as religions but closes with a perspective on the Eastern connections to the relatively unknown but unifying Omnist perspective. All mental health professionals seeking to expand their understanding of the essential belief systems of various Eastern religions and their connection with mental health will find Eastern Religions, Spirituality and Psychiatry an invaluable resource. Françoise Dolto interrogée par Gérard Séverin Françoise Dolto, Kristeva, Psychoanalysis and Culture Sylvie Gambaudo, 2007 With the introduction of the euro much recent attention has been focused on the role of currencies and their national and international significance. Covering a time span of some two and a half millennia the contributions within this volume consider aspects of the European experience from classical antiquity until the beginning of the twenty first century. L'Évangile au risque de la psychanalyse Françoise Dolto, Gérard Séverin, 1977 Dans ces deux volumes une psychanalyste de l'école freudienne Françoise Dolto fait une interprétation psychanalytique de quelques textesvangéliques. Jésus au milieu des docteurs de la loi, Cana, les miracles de résurrections, la parabole du bon Samaritain, l'enfant prodigue, la femme adultère, le riche et Lazare etc. Par ces scènesvangéliques elle nous découvre comment Jésus enseigne le désir et y entraîne au lieu de prêcher une morale. Cette réflexion présente d'une croyante est présente sous forme d'interrogatoire par un confrère de la profession. Elle ne saurait être comprise sans un minimum de familiarité avec la doctrine freudienne. **Une psychanalyste dans la cité** Françoise Dolto, Marie-Hélène Malandrin, 2009

Fond par Françoise Dolto en 1979 la Maison verte est un lieu ouvert tous dont l'objectif est la socialisation précoce du tout petit de sa naissance jusqu'à trois ans. Pour Françoise Dolto, cette relation précoce interhumaine corporelle affective et verbale est une prévention formidable de souffrances inutiles. L'enfant vient à la Maison verte accompagné d'un de ses parents ou d'un adulte tutélaire passer un moment au cours duquel il entre en contact avec d'autres enfants et d'autres adultes. Lui comme ses parents se préparent ainsi la séparation au moment de l'entrée à l'école. Aujourd'hui son rayonnement persiste près de dix mille enfants et parents y passent chaque année et de nombreux lieux se sont ouverts en France et à l'étranger sur son modèle. L'ouvrage réunit des écrits de Françoise Dolto sur la Maison verte conférences entretiens lettres inédites ou dispersées dans différents ouvrages.

Dolto et l'originalité de sa démarche éducative et spirituelle en s'appuyant d'une part sur des documents inédits accessibles des archives Françoise Dolto et en sollicitant d'autre part la littérature psychanalytique et éducative française et étrangère.
