Introduction

MKS Integrity provides a test execution framework that allows you to automate your test execution environment by integrating MKS Integrity test management functionality with an external testing tool. Using an adapter, you can use your third party testing tool to run test cases and have the results automatically sent back to MKS Integrity. The results can then be viewed and edited through the MKS Integrity Client.

This guide describes the basic steps for creating the adapter and integrating MKS Integrity with a third party testing tool. The information is intended to assist developers who are creating adapters and system administrators responsible for installing and configuring the adapters on the MKS Integrity Agent.

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
