One danger area of the current system with the attitude of younger generations who have been raised away by European and American modernization is the rejection of African culture and lifestyle. Ignoring even the modernization and the progress made by the youngsters. They feel that English is the new language. "What does English" is used by the youth to symbolize all foreign culture which they have taken into the minds of the new generations. Apart from that, parents influence their younger people to forget everything about their roots of life and culture, including the "new things" without appreciating modernization. It is evidently not correct that the new age was automatically filled with modernization and culture as there are no need of modern ideas and systems.
