degree and undergraduate students are both inexperienced essay writers who need close guidance to become effective
writers One of the puzzles which they encounter at the college and university after reporting for studies is the course
assignments offered to them by their lecturers which demand them to be critical thinkers and argumentative essay writers In
most colleges and universities lecturers provide to students broad questions to answer in the form of essays either in group
or individual assignments How should they turn the broad assignment questions provided to them by their lecturers into
specific researchable topics for essays How should they handle literature in order to obtain valuable information to answer
