essentielle dont v ritable subversion **The Subversion of Christianity** Jacques Ellul, 2011-06-02 Pointing to the many contradictions between the Bible and the practice of the church Jacques Ellul asserts in this provocative and stimulating book that what we today call Christianity is actually far removed from the revelation of God Successive generations have reinterpreted Scripture and modeled it after their own cultures thus moving society further from the truth of the original gospel The church also perverted the gospel message for instead of simply doing away with pagan practice and belief it reconstituted the sacred set up its own religious forms and thus resacralized the world Ellul develops several areas in which this perversion is most obvious including the church s emphasis on moralism and its teaching in the political sphere The heart of the problem he says is that we have not accepted the fact that Christianity is a scandal we attempt to make it acceptable and easy and thus pervert its true message Ultimately however Ellul remains hopeful For in spite of all that has been done to subvert the message of God the Holy Spirit continues to move in the world Christianity writes Ellul never carries the day decisively against Christ

Jacques Ellul and the Bible Jacob Marques Rollison, 2022-05-26 The hermeneutic contribution of the French theologian and sociologist Jacques Ellul is given new prominence in this striking collection of essays revealing him to be one of the twentieth century's most creative and insightful interpreters of the Bible. With a breadth of contributors ranging from established biblical scholars and theologians to pastoral practitioners from top Ellul scholars to emerging voices and including six first time English translations of Ellul's own articles this volume not only provides a detailed overview of Ellul's biblical approach but also constitutes a crucial moment in Ellul's theological reception. The essays gathered here represent a clear demonstration that the full potential of Ellul's theological interpretation of Scripture to rejuvenate and reconfigure contemporary biblical hermeneutics has yet to be seen. **Fides Et Historia**, 1984 **Theological Method in Jacques Ellul** Daniel B. Quel est le profil de cette identité? Comment la théologie des adventistes s'est-elle construite et quels changements a-t-elle connus? En tant qu'organisation ecclésiale, quel est son paradigme actuel au sein du christianisme? Comment est-elle perçue par les adventistes eux-mêmes? Missiology Laurent W. Ramambason, 1999 Missiology is the study of mission: does the person who is active in Christianisation with attention to the dialectic of personhood? Mission is what a mission doer thinks it is. The understanding of missiology is illustrated with reference to the Church of Jesus Christ in Madagascar under the impact of the Gorbachev transition 1985-93. Quand le christianisme a changé le monde Maurice Sachot, 2007-03-15 24 août 2010 la ville de Rome est mise à sac par Alaric Ier roi des Wisigoths 11 septembre 2001 les Twin Towers s'écroulent frappées par deux avions détournés par des terroristes. Dans le premier cas la civilisation de l'Antiquité achève de s'écrouler; dans le second c'est la suprématie de l'Occident qui vacille. Entre ces deux dates Maurice Sachot explore ce qui fait le fond même de la civilisation occidentale. Pour lui même la sécularisation et la laïcisation qui semblent caractériser l'emprise que l'Occident a acquise sur le monde se définissent par référence au christianisme. C'est donc l'histoire de cette christianisation du monde qu'il raconte ici, privilégiant l'époque où tout s'est constitué au basculement de l'Antiquité. Comment le christianisme s'est-il constitué et comment ainsi a-t-il transformé le monde? Quels sont par-delà les pays, les communautés, les époques, les traits qui ont fait la civilisation dite occidentale? Venue de l'histoire des religions, une tonnante synthèse pour clarifier les débats d'aujourd'hui. Après avoir enseigné les langues patristiques à la Faculté de théologie catholique de Strasbourg, Maurice Sachot enseigne la philosophie ancienne à l'université Marc Bloch et les sciences de l'éducation à l'université Louis Pasteur. Il a notamment publié *L'Invention du Christ*. Sur Jacques Ellul, 1994 Jacques Ellul laisse une œuvre considérable dont les historiens des idées commencent peine à mesurer l'ampleur et l'originalité. Juriste, historien, théologien et sociologue, ce polygraphe au ton volontiers prophétique aura publié de son vivant plus de 600 articles et 48 ouvrages.
