Little League Operations Manual:

Know Your Baseball Al Herback, Al Price, 1996 Youth Sport and Social Capital Sean F. Brown, 2020-06-04 This book examines the youth sport parent experience through the lens of social capital a cornerstone social science concept of the past 30 years Social capital reflects the value of one's social networks and the actual and potential benefits and costs of relationships Bringing together a team of kids for a season also brings together their families who all must negotiate this new social world Within this world relationships are bound to form and these are the foundation upon which this project rests Youth sport scholars have traditionally been interested in questions such as how many kids play sports what sports they play how and why do they start playing and stop playing and the costs and benefit of participation However aside from sensational examples of youth sport parents behaving badly scholars know far less about the parental experience This time is meaningful for parents because parents often spend as much or even more time at the fields than their children It is thus worth examining what they might get out of this investment Utilizing two years of fieldwork and over 30 interviews with parents and board members of a youth baseball league in the southwestern United States this book provides an inside look at the beneficial relationships that can be found in the bleachers of a kids baseball game as well as the unseen high stakes games waged in the boardroom where relationships can carry heavy costs as well This book was originally published as a special issue of Sport in Society

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
