**China Importation Master Class** Fredrick Emmanuel Ph D, 2021-03-27 I have been in this business for over 8 years with great experiences in the Mini Importation Business China USA UK Turkey Vietnam Malaysia to Africa Countries and Drop Shipping to UK USA etc and have successfully imported thousands of products from China to my destination country with ease and at very cheap costs Especially from 1688 com 1688 com is the biggest and most popular Chinese wholesale platform where retailers in China buy products directly from the manufacturers and resell at a higher price on other platforms such as Alibaba Aliexpress Gearbest etc So if you thought you always get the best price for items purchased on Alibaba or Aliexpress you are wrong because these

platforms sell products at prices up to 4X or more compared to the price of the same item if purchased directly from 1688.com But the problem is that 1688.com website is written in Chinese language and meant for the Chinese based retailers So most people rely on using Google translate and Chinese based suppliers to order products from the platform With this step by step guide you will learn how to purchase products directly from sellers on 1688.com who are usually the manufacturers of the products and ship it directly to your location without hassle and cheaply It Covers The Following 1 Sourcing for products from 1688 at very cheap price 2 Steps to buy products directly from manufacturers on 1688 without the use of suppliers 3 Contacting the product manufacturer supplier 4 Paying for your items 5 shipping your goods 6 Resources Get the complete guide now and learn the secrets of importing products easily from 1688.com by yourself which most people don't know about

**Platforms in EU VAT Law** Christina Pollak, 2022-10-18 Applying the provisions of the European Union Value Added Tax EU VAT Directive poses challenges when applied to the digital platform economy Recent responses to these challenges revolve around the deemed supplier regime introduced by the so called e-commerce package and this regime is thus the focus of this indispensable work the first to provide an in depth analysis of the regime its background and scope its interpretation and its application in practice In its detailed examination of how digital platforms that enable supplies of goods through their interfaces are treated for VAT purposes under EU law the author elucidates such topics and issues as the following The qualification of the sale of goods through platforms supply of the platform service to the underlying supplier supply of the platform service to the customer supply of goods from the underlying supplier to the customer supplies from third countries the Organisation for Economic Co-operation and Development OECD proposal's influence on the interpretation of the EU e-commerce package chain transactions determination of the place of supply chargeable event and chargeability of VAT taxable amount applicable rates and exemptions platform's recordkeeping obligations accompanying customs measures return of goods and warranty cases and future of effective and efficient VAT collection The author also undertakes a detailed analysis of a potential infringement of the principle of equality neutrality and the right to conduct a business Fully taking into consideration the case law of the CJEU administrative practice and the relevant academic literature the author's research reveals the weaknesses opportunities and limits for Member States implementation of EU VAT law The upshot is an important work that promises to make the EU VAT system more fraud resistant simplify compliance obligations enforce the principle of neutrality and reduce distortion of competition The book will be of immeasurable value to any practitioner and policymaker approaching any case involving the deemed supplier regime for digital platforms with full awareness of the applicable rules
