Miranda Writes Honor Justice

Frank Santorsola, Jeffrey W. Wood

Miranda Writes Honor Justice:

Miranda Writes, Honor & Justice Frank Santorsola, 2018-01-07 New York Detective Frank Santorsola had an affinity for undercover work and soon found himself working deep cover successfully infiltrating the Lucchese crime family under the cover name of Frank Miranda. Miranda is tasked to gather evidence in an international heroin smuggling case of pure heroin from the Middle East into the New York metropolitan area. His informant Mike Baraka claimed he had been falsely arrested, indicted, and convicted for a crime he did not commit. He turns to the only person who believes him, Frank Miranda. Miranda develops a tabooed friendship with Baraka and realizes he will need to make choices that are uncomfortable, struggling between department expectations and what he believes is morally wrong. It's a surgical look into the very essence of the criminal justice system, exposing the corrupt nature of an institution and the political powers that run it. This is a gripping story of challenges, frustrations, anger, and redemption.

Miranda Writes, Honor & Justice Frank Santorsola, Jeffrey W. Wood, 2014-12-04 As told by a deep undercover investigator, this is a gripping story of challenges, frustrations, anger, and redemption. Jonathan Z. Friedman, Second Deputy District Attorney, Ret. Chief Investigation Division, Westchester County, New York. Rarely do you see a true first person account of life as an undercover Detective told so openly and honestly. Written in the detective's voice, this book takes you behind the scenes of a major case investigation, revealing the dangerous choices made and the personal sacrifices needed. Sal Lifrieri, Detective 1st Grade, NYPD, retired Director of Security and Intelligence Operations, NYC OEM, retired. Suspenseful, Intriguing. *Miranda Writes, Honor and Justice* is a must-read book. It's a true insight into the physical and emotional world of an undercover cop, risking everything that he holds dear in life for family honor. Richard Santorsola, Special Investigator, Retired law enforcement officer, New York State Organized Crime Task Force. After working for a number of years in patrol with the City of White Plains, New York Police Department, I was promoted to detective and assigned to the Westchester County District Attorney's Office Organized Crime Squad. It seemed that I had an affinity for undercover work and soon found myself working deep cover. I had successfully infiltrated the Lucchese crime family, gathering evidence in an international heroin smuggling case. I had infiltrated a crew that smuggled large quantities of pure heroin from the Middle East into the New York metropolitan area. I soon found myself making choices that were uncomfortable and struggling inwardly to hold on to the values that I'd been taught. The following story is fact-based fiction. It's my version, true to my recollection of events that occurred while I was assigned to work with a federal informant, Mike Baraka, who claimed that he was falsely arrested, indicted, and convicted for a crime he didn't commit. It's a story about family honor, a tabooed friendship, and a surgical look into the very essence of the criminal justice system.

Critical Theory: Rituals, Pedagogies and Resistance Peter McLaren, 2022-03-28 This collection of essays incorporates some of the most important and longstanding foundational texts in education developed by the leading educational neo-Gramscian social theorist Peter McLaren. The volume provides a much necessary framework for understanding more precisely not only the

historical and philosophical foundations for McLaren's ideas but even more importantly it unpacks a clear understanding of the dynamics of ideological production framing the epistemicidal nature of capitalist schools. The chapters provide state of the art approaches grounded in both Marxist social theory and post critical sensibilities. They show the unique opportunities provided by critical theoretical approaches towards revolutionary pedagogies which are crucial to address the current challenges one is facing locally nationally and internationally. *Critical Theory Rituals Pedagogies and Resistance* speaks to the current challenges we face as humanity not only situating them historically but also securitizing the role that our educational institutions curriculum matrixes and teacher education programs have played in such social havoc. It provides crucial insights not only to help a better understanding of the accomplishments produced by the critical educational and curriculum river in the struggle against the educational and curriculum epistemicide but also to help explore alternative ways responsive to the world's endless epistemological difference and diversity. While the future of our field needs to go beyond Peter McLaren's intellectual thesaurus it cannot certainly avoid going through him. The itinerant curriculum theory and the ICTheorists are conscious about that. Jo o M Paraskeva Professor of Educational Leadership and Policy Studies University of Strathclyde

Left in the West Gioia Woods, 2018-12-17 In this edited collection Gioia Woods and her contributors bring together histories biographies close readings and theories about the literary and cultural Left in the American West as it is distinct from the more often theorized literary left in major eastern metropolitan centers. *Left in the West* expands our understanding of what constitutes the literary left in the U S by including writers artists and movements not typically considered within the traditional context of the literary left. In doing so it provides a new understanding of the region's place among global and political ideologies. From the early 19th century to the present a remarkably complex and varied body of literary and cultural production has emerged out of progressive social movements. While the literary left in the West shared many interests with other regional expressions labor class anti fascism and anti imperialism the influence of Manifest Destiny the distinct history of settler colonialism in western territories caused western leftists to develop concerns unique to the region. Chapters in the volume provide an impressive range of analysis covering artists and movements from suffragist writers to bohemian Californian photographers from civil rights activists to popular folk musicians from Latinx memoirists to Native American experimental writers to name just a few. The unique consideration of the West as a socio political region establishes a framework for political critique that moves beyond class consequences anti fascism and civil liberties and into distinct Western concerns such as Native American sovereignty environmental exploitation and the legacies of settler colonialism. What emerges is a deeper understanding of the region and its unique people places and concerns. *Centennial Conference in Honor of Justice John Marshall Harlan*, 1991 **Puck**, 1883 **Ernest W.
