

MISS LONELYHEARTS

by NATHANAEL WEST

\$2.00

"Disillusioned," "Desperate" and "Broken-hearted" were among the ones who poured out their troubles in letters, over the telephone and, finally, in person to Miss Lonelyhearts, the young man who is conductor of an advice-to-the-lovelorn column in a daily New York paper. Unable to continue wallowing in this obvious circulation stunt, this inglorious joke on himself, Miss Lonelyhearts learns to accept the feature editor's malicious suggestions that he is one of America's twentieth-century priests to whom the friendless can pour out their emotional problems.

In between speakeasy brawls and frenzied parties, "Miss Lonelyhearts" examines the values by which he lives, flays himself about his holy mission and tries to provide honest answers to his pathetic and inarticulate questioners. But when he goes outside his column to give actual help to one of his readers, he is seduced in a manner never dreamed of in the philosophy of a purveyor of advice to the loveless and helpless.

Mr. West has achieved a robust and, at the same time, poignant extravagance of the modern metropolitan world. *Dashiell Hammett* says: "This is a true and exciting book. Nathanael West strikes a new note in American writing: in his work there are no echoes of other men's books. *Miss Lonelyhearts* is the stuff that makes our daily papers — but seen truly and told truly."

light again

by BLAIR NILES

Author of "Strange Brother," etc.

BLAIR NILES' new novel is a book essentially modern, in event and in spirit. It is a moving romance evolved from a background of the most strangely fantastic phase of human existence. It is a story of that deep river of emotion which flows beneath the surface life of all men and all women.

One of the first novels ever to treat of this absorbing subject, "Light Again" takes place in a private asylum. It is not a sociological study. It is a drama of the mind and heart of a group of people, with a man and woman moving forward out of shadows into light.

Perry Austin, charming young man of Manhattan, plays his joke on the scheming mother and undesired fiancé by getting himself committed to the sanitarium, "Bon Repos." But the joke is no longer a joke when his uncle leaves him there, to sail for Europe, when the doctors read a reverse significance in his phrase, "But I'm perfectly normal," and—most of all—when he becomes attracted to a lovely young woman there who has forgotten her past. The dual transformation of Perry and Lorna makes a story of telling emotion, psychological understanding and fine suspense.

House of Words Norman Ravvin, 1997-10-15 Arguing that Jewish North American writing is too commonly discussed as part of the mainstream neglecting the Jewish aspects of the works Ravvin places the writing of Bellow Richler Cohen West Mandel Roth and Rosenfarb within the Jewish context that the works demand Ravvin depicts a Jewish cultural landscape within which postwar writers contend with community and identity continuity and loss and highlights the way this particular landscape is entangled with broader literary and cultural traditions He considers Bellow and West alongside apocalyptic narratives discusses Cohen in relation to the counterculture examines Mandel's postmodern view of history and looks at autobiography and ethics in Roth and Rosenfarb At once scholarly and poetic *A House of Words* will appeal to the general reader of Canadian American and Jewish literature and history as well as to specialists in these fields

Fundamentals of Story Logic Therese Budniakiewicz, 1992-01-01 Drawing largely on Propp's and Greimas work on the narrative this book is aimed at consolidating and extending their views through a series of concrete applications The volume offers a critical examination of narrative structure in terms of its two basic syntactic units or sets of operations namely the eventual or dynamic configurations corresponding to communication or to contract or more general to the structure of exchange Because of the emphasis it lays on the logical frame underlying the syntagmatic dimension of the story the book contributes to an integrated descriptive model deliberately centered on narrative semiotics as a branch of descriptive poetics The discussion of value in its social and legal context brings to light the links between the theory of narrative and its anthropological sources This book shows that a strict concern with story logic requires a reevaluation of the basic premises of semiotic theory and raises important epistemological questions about its evolution
