

Pandora would like to thank you  
for choosing our service-security system  
for motorcycles Pandora Mini Moto

**Pandora Mini Moto** is a service-security system built for motorcycles and quads with on-board voltage of 12V.

It is a complex engineering device, which includes unique and modern technological software and hardware solutions. While developing we were using the most up-to-date electronics from world's best manufacturers. The device is built using high-precision mounting and control machinery; thus, we guarantee highest possible quality, reliability and stable technical characteristics for the whole operation period.

The system is built for your convenience: it's ergonomic, reliable, has the highest security and service characteristics, 3 years unconditional warranty and free service and support. We are happy to provide any support we can – feel free to use our online support.

**! WARNING!** It is strongly recommended to have a professional car mechanic to install the system. Any car electronics installer should be able to install the system using installation scheme in this manual and the **Alarm Studio** or **Pandora Specialist** software. Most features are highly dependent on competent installation. Our systems are thoroughly tested for quality, so if a feature fails to produce expected result, most likely the problem is in improper installation.

This device has limited external factors resistance. It should not be subjected to water beyond occasional splatter.

The base unit is designed to operate at temperatures from -40°C to +85°, the degree of protection is IP54.

The control units (remotes, tags, etc.) are designed to operate at temperatures from -10°C to +40°C, the degree of protection is IP40.
