Missouri Report Ron Paul:

Government Secrecy Susan Maret, 2011-01-26 Divided into six sections this title examines Government secrecy GS in a variety of contexts including comparative examination of government control of information new definitions categories censorship ethics and secrecy s relationship with freedom of information and transparency **1984 Redux** Andrew Curtiss, 2011 July 2009 Andrew Curtiss received a Chain Mail in his E Mail box The Message was sent to him from a former colleague he served with in the US Army Special Forces at Fort Bragg North Carolina The subject line of the message read Congratulations you made the terrorist watch list The content suggested that the Department of Homeland Security had labeled millions of Americans who are Constitutionals Pro Life of Christian faith voters for rightwing politics are combat veterans and more as potential domestic terrorists After researching the matter Andrew found that the DHS did infact publish such a report that was meant to be confidential for law enforcement only The report was published April 7 2009 It was during Andrew s research into the matter that he realized the Fundamental Transformation of America as promised by Barrack Obama was indeed transforming America into something much like Oceania in George Orwell s 1984 1984 Redux digs deep into the issues facing Americans today as America Fundamentally Transforms Curtiss draws the comparison of where Obama and his leftist handlers and drones want to take America as part of this transformation to the extreme Socialist Oligarchy depicted in Orwell s 1984 Supported by scores of references and facts one might be surprised to see how close to Orwell s nightmarish depiction America is headed 1984 Redux is not only a wakeup call to America but the world as to what could be if the most influential nation in the world and last hope for freedom falls to the left **Right-Wing Resurgence** Daryl Johnson, 2012-09-14 In 2008 there were 149 militia groups in the United States In 2009 that number more than tripled to 512 and now there are nearly 600 In Right Wing Resurgence author Daryl Johnson offers a detailed account of the growth of right wing extremism and militias in the United States and the ever increasing threat they pose The author is an acknowledged expert in this area and has been an intelligence analyst working for several federal agencies for nearly 20 years The book is also a first hand insider s account of the DHS Right Wing Extremism report from the person who wrote it It is a truthful depiction of the facts circumstances and events leading up to the leak of this official intelligence assessment The leak and its aftermath have had an adverse effect on homeland security Because of its alleged mishandling of the situation the Department s reputation has declined in the intelligence and law enforcement communities and the analytical integrity of the Office of Intelligence and Analysis was undermined Most importantly the nation s security has been compromised during a critical time when a significant domestic terrorist threat is growing This book is replete with case studies and interviews with leaders which reveal their agendas how they recruit and how they operate around the country It presents a comprehensive account of an ever growing security concern at a time when this threat is only beginning to be realized and is still largely ignored in many circles Hearings, Reports and Prints of the House Committee on Banking, Currency, and

The Barnes Review ,2008 *Report of the Adjutant General of the State of Illinois ...* Illinois. Adjutant General's Office,1886 **Loathing Lincoln** John McKee Barr,2014-04-07 While most Americans count Abraham Lincoln among the most beloved and admired former presidents a dedicated minority has long viewed him not only as the worst president in the country s history but also as a criminal who defied the Constitution and advanced federal power and the idea of racial equality In Loathing Lincoln historian John McKee Barr surveys the broad array of criticisms about Abraham Lincoln that emerged when he stepped onto the national stage expanded during the Civil War and continued to evolve after his death and into the present The first panoramic study of Lincoln s critics Barr s work offers an analysis of Lincoln in historical memory and an examination of how his critics on both the right and left have frequently reflected the anxiety and discontent Americans felt about their lives From northern abolitionists troubled by the slow pace of emancipation to Confederates who condemned him as a black Republican and despot to Americans who blamed him for the civil rights movement to more recently libertarians who accuse him of trampling the Constitution and creating the modern welfare state Lincoln s detractors have always been a vocal minority but not one without influence By meticulously exploring the most significant arguments against Lincoln Barr traces the rise of the president s most strident critics and links most of them to a distinct right wing or neo Confederate political agenda According to Barr their hostility to a more egalitarian America and opposition to any use of federal power to bring about such goals led them to portray Lincoln as an imperialistic president who grossly overstepped the bounds of his office In contrast liberals criticized him for not doing enough to bring about emancipation or ensure lasting racial equality Lincoln s conservative and libertarian foes however constituted the vast majority of his detractors More recently Lincoln s most vociferous critics have adamantly opposed Barack Obama and his policies many of them referencing Lincoln in their attacks on the current president In examining these individuals and groups Barr s study provides a deeper understanding of American political life and the nation itself **Lawyers' Reports Annotated** ,1894
