## **Johannesburg 2012 November Paper 2 Grade 10 Economics:**

Minerals Yearbook ,2009      **Youth in Post-Apartheid South Africa** Acheampong Yaw Amoateng,Elizabeth

Biney,2024-06-10 This book investigates the life experiences of youth in South Africa considering whether contemporary youth have benefitted from the socioeconomic reconstruction of post apartheid society Student protests against apartheid drove transformative change in South Africa and the subsequent new constitution promised positive change for the nation s youth across a range of sectors Adopting a sociological perspective this book uses primary and secondary data sources to illustrate the myriad ways post apartheid socioeconomic developments have impacted the life experiences of the country s youth across areas including health education family life economic activity technology substance use and politics The book considers the historical legacy of colonialism racism and immigration in shaping the context in which youth experiences in the country have evolved The book argues that in 1976 South Africa s youth became the conscience of the nation when they brought the apartheid regime to its knees during the Soweto uprising What happens to them now will continue to define the nation s future This book will be of interest to researchers across the social sciences most especially in the fields of Sociology Demography Development Studies and Psychology      **Democracy and Education in Namibia and Beyond** Amukugo,

Elizabeth M.,2017-07-19 The Namibian constitution makes full provision for education as a fundamental human right and freedom Three years into independence as part of the government s educational policy the Education for All Policy was launched as a stepping stone to free quality education However inequities have become widely pronounced within the Namibian educational system Democracy and Education in Namibia and beyond debates the education democracy nexus in Namibia and the southern African context It defines and explores the meaning of democracy and related concepts It also looks at what democracy means in the context of human rights and access to education The ten chapters in this collection interrogate the strengths and limitations of education as an instrument of social change and question whether or not the Namibian educational objectives and practices do develop and help to sustain a democratic culture in Namibia The authors in the collection have drawn material from their own teaching and research experience across the fields of education and social science in Namibia and beyond and present their findings in a pedagogical framework suitable as a challenging text for tertiary students At a time when education is in crisis especially in South Africa where strident calls for free tertiary education and Africanisation of the curriculum are spreading like wildfire this book gives scholarly insight into the history and social conditions that gave rise to our current predicament      **Police Integrity in South Africa** Sanja Kutnjak

Ivkovich,Adri Sauerman,2020-04-29 Policing in South Africa has gained notoriety through its extensive history of oppressive law enforcement In 1994 as the country s apartheid system was replaced with a democratic order the new government faced the significant challenge of transforming the South African police force into a democratic police agency the South African Police Service SAPS that would provide unbiased policing to all the country s people More than two decades since the

initiation of the reforms it appears that the SAPS has rapidly developed a reputation as a police agency beset by challenges to its integrity This book offers a unique perspective by providing in depth analyses of police integrity in South Africa It is a case study that systematically and empirically explores the contours of police integrity in a young democracy Using the organizational theory of police integrity the book analyzes the complex set of historical legal political social and economic circumstances shaping police integrity A discussion of the theoretical framework is accompanied by the results of a nationwide survey of nearly 900 SAPS officers probing their familiarity with official rules their expectations of discipline within the SAPS and their willingness to report misconduct The book also examines the influence of the respondents race gender and supervisory status on police integrity Written in a clear and direct style this book will appeal to students and scholars of criminology policing sociology political science as well as to police administrators interested in expanding their knowledge about police integrity and enhancing it in their organizations      *South African national bibliography* State Library (South Africa),1996 Classified list with author and title index
