John Deere 185 Owners Manual:

Blashfield's Instructions to Juries De Witt Clinton Blashfield,1916 *Farm Fresh Broadband* Christopher Ali,2021-09-21 An analysis of the failure of U S broadband policy to solve the rural urban digital divide with a proposal for a new national rural broadband plan As much of daily life migrates online broadband high speed internet connectivity has become a necessity The widespread lack of broadband in rural America has created a stark urban rural digital divide In *Farm Fresh Broadband* Christopher Ali analyzes the promise and the failure of national rural broadband policy in the United States and proposes a new national broadband plan He examines how broadband policies are enacted and implemented explores business models for broadband providers surveys the technologies of rural broadband and offers case studies of broadband use in the rural Midwest Ali argues that rural broadband policy is both broken and incomplete broken because it lacks coordinated federal leadership and incomplete because it fails to recognize the important roles of communities cooperatives and local providers in broadband access For example existing policies favor large telecommunication companies crowding out smaller nimbler providers Lack of competition drives prices up rural broadband can cost 37 percent more than urban broadband The federal government subsidizes rural broadband by approximately 6 billion Where does the money go Ali proposes democratizing policy architecture for rural broadband modeling it after the wiring of rural America for electricity and telephony Subsidies should be equalized not just going to big companies The result would be a multistakeholder system guided by thoughtful public policy and funded by public and private support Resources in Education ,1980
