

European Commission Kosovo's Progress Report 2014

October. 8 2014

Conclusions and recommendations on Kosovo:

1. Completion of the negotiation of a Stabilisation and Association Agreement with Kosovo and its initialling in July is a milestone on Kosovo's European integration path.
2. Kosovo faces numerous challenges: the rule of law, including judicial independence, and limited results in the fight against organised crime and corruption remains a major concern. The implementation of the anti-corruption strategy and action plan fails to generate effective results, due to weak political support.
3. With a low number of actual convictions and drug seizures, Kosovo is at an early stage in its fight against organised crime and corruption. Law enforcement agencies are reluctant to initiate financial investigations and the number of cases of freezing and confiscating assets ordered by the judiciary and executed by the police continues to be low.
4. The new government and parliament need to show zero tolerance towards corruption and organised crime and a clear political will to the effective fight against corruption and organised crime. Kosovo's political class needs to demonstrate its readiness to accept the outcome of independent judicial processes.
5. The implementation of the strategy (2010-13) and action plan (2012-14) on public administration reform has been a major challenge for Kosovo, delivering very limited results. Kosovo also needs to adopt a law on general administrative procedures, which is crucial for the development of a business-friendly environment. While some public financial management rules and regulations are in place, Kosovo should ensure a more comprehensive approach to the reforms in this field.
