As someone who respects comprehensive research, I am in awe of the level of detail and amount of time Philip Errington has dedicated to this slavishly thorough and somewhat mind-boggling bibliography. J.K. Rowling: This is the definitive bibliography of the writings of J.K. Rowling. In addition to complete bibliographic details of each edition of all her books, pamphlets, and original contributions to published works, there is detailed information on the publishing history of her work, including fascinating extracts from correspondence and information on Rowling at auction. This will be the first source on Rowling consulted by textual scholars, book dealers, and collectors, auction houses, critics, and researchers. The aim of the book is to record fact and dispel rumour on the fascinating publishing history of the Harry Potter series.
