

# 's math notebook

All notebook pages must follow some rules to make them interesting as well as informative. Your notebook should reflect your experiences yet be easy to understand and reference.

## RULES

## REASON

It is necessary and helpful	So you are able to read/informance your notebook when needed
Bring it class everyday	We will use it everyday - like how we use money, do our job, like a ice
Circle a date of interest & number the pages	To help you find a word or a lot of words quickly & easily when you need
Color page numbers for each week and use color	If you forget what a word means, you'll be able to find the word in one quickly
Everything your teacher or ice in your notebook, you should write it in your notebook	I would not want to hear anything about the way you write in your notebook. If it is not in the notebook, it is not in.
Use colors when do math or science projects - help!	Colors are a great way to organize our notes in math, like colors and lines
If you miss a day write sure you get the notes	You don't want to get a sick and not have the notes page to help you. When you're absent, ask your teacher or a friend to borrow a notebook to copy
