Message For All American Conservatives:

The Conservative Review Walter Neale, 1899 **The Conservative** Julius Sterling Morton, 1901 A journal devoted to the discussion of political economic and sociological questions **The Failure of American Conservatism** Claes G. Ryn, 2023-02-21 A Powerful Profound Assessment of Conservatism and America An impressive burst of creativity gave rise to a vigorous conservative intellectual movement in the United States after the Second World War Yet according to Claes Ryn the great potential of the movement was not realized because of major flaws The movement became preoccupied with politics to the neglect of academia history philosophy religion morality the arts and entertainment In the 1980s when Ronald Reagan won great political victories the movement celebrated the triumph of conservatism but this reaction confirmed a superficial understanding of what most fundamentally shapes society Developments in the culture were actually radicalizing the American mind and imagination and eroding America's constitutional order Conservatism also resisted intellectual discourse of the most rigorous kind and failed to make crucial distinctions Paradoxically it even made room for abstract universalist ideology including Straussian anti historicism and neoconservative imperialistic democratism Ryn was a very early critic of all these weaknesses *The Failure of American Conservatism* analyzes these weaknesses in depth It explains the current disorientation of conservatism and why cancel culture and Woke were predictable Mixing new and previously published writing the book bristles with provocative ideas It sets forth its own strongly argued view of how to understand and address America's crisis *American Conservative* Augustus P. Lowell, 2016 Carson Christie Rubio Cruz Trump This is the best we can do This is what passes for conservatism these days When did that once honorable political tradition become so narrow boorish and ignorant It's time to take the conversation back Conservatism can be intelligent and thoughtful There is an alternative to the excesses of liberalism that doesn't require us to turn the clock back a century that isn't tied to religion that embraces a responsibility for society and culture that isn't terrified of change and that speaks to the commonalities we share instead of dividing us into tribes Conservatives and liberals could work together if they would take an honest look both at each others beliefs and at their own In the 2016 Presidential primary season half the Republican candidates were clowns and the rest were if not actually clowns giving every appearance of bowing to the ringmaster and piling into the clown car They called themselves conservative but their understanding of what that means seemed shallow and opportunistic Theirs was a parody of conservatism that mocked the real thing Yet it seems most people take them at their word and grant them the authority they assert for themselves not merely that they are conservative but that their brand of conservatism is the entirety of conservatism not merely that they are conservative but that they speak for all conservatives It is infuriating And it is wrong There are many books about politics but most of them contain either dryly academic pedantry or overtly partisan persuasion This book is neither It is a polemic of a sort but the intent is not to persuade people to vote conservative or that conservatism is completely right It is to persuade people that conservatism has something worthwhile to say to them that conservatism is

not what its most abhorrent spokesmen claim it to be The intent is to change the conversation If that changes the outcome so much the better

The Rise and Fall of Modern American Conservatism David Farber,2012-08-26 The story of modern conservatism through the lives of six leading figures The Rise and Fall of Modern American Conservatism tells the gripping story of perhaps the most significant political force of our time through the lives and careers of six leading figures at the heart of the movement David Farber traces the history of modern conservatism from its revolt against New Deal liberalism to its breathtaking resurgence under Ronald Reagan to its spectacular defeat with the election of Barack Obama Farber paints vivid portraits of Robert Taft William F Buckley Jr Barry Goldwater Phyllis Schlafly Ronald Reagan and George W Bush He shows how these outspoken charismatic and frequently controversial conservative leaders were united by a shared insistence on the primacy of social order national security and economic liberty Farber demonstrates how they built a versatile movement capable of gaining and holding power from Taft s opposition to the New Deal to Buckley s founding of the National Review as the intellectual standard bearer of modern conservatism from Goldwater s crusade against leftist politics and his failed 1964 bid for the presidency to Schlafly s rejection of feminism in favor of traditional gender roles and family values and from Reagan s city upon a hill to conservatism s downfall with Bush s ambitious presidency The Rise and Fall of Modern American Conservatism provides rare insight into how conservatives captured the American political imagination by claiming moral superiority downplaying economic inequality relishing bellicosity and embracing nationalism This concise and accessible history reveals how these conservative leaders discovered a winning formula that enabled them to forge a powerful and formidable political majority Some images inside the book are unavailable due to digital copyright restrictions

Message for All American Conservatives Bradley Panvino,2014-12-24 My wish is to reform the Republican Party from within As it is now and in the future it will continue to be a party divided unless something is done soon to unify the base of the party around specific conservative issues The Republican Party needs to strengthen its resolve with pure conservative values and there is a genuine need for a new stronger Republican Party platform This nation has always been founded on liberty as a republic With liberty comes freedom of self and the family and this freedom is apparent in My Solemn Pledge Signing is an oath that gives testimony to the values that this nation was and is based upon The principles our founding fathers had for our nation when they left British rule Liberty will quite simply never be found in a large liberal government The Republican Party and the Tea Party must merge into the new conservative Republican Party as leaders for change It is this new party platform that must take the lead Together they will be larger and have far more support from the American people The new pledge will gather more votes to defeat the Democrats and their liberal agendas Bradley Panvino is the author of The Unauthorized Conservatives Handbook and Common Ground The Living Principle *A Compilation of the Messages and Papers of the Presidents* United States.
