Initial setup instructions

1. Install the battery pack

This system supports only batteries specially designed for this specific system and manufactured by Lenovo or an authorized supplier. This system does not support third-party batteries or batteries designed for other systems. If an unauthorized battery or a battery designed for another system is installed, the system will not charge.

Attention: Lenovo takes no responsibility for the performance or safety of third-party batteries, and provides no warranty for failure or damage arising out of their use.

2. Connect to power. Ensure that all power cord connectors are securely and completely plugged into receptacles.

3. Press the power button to turn on the computer.

4. Configure the operating system following the on-screen instructions to complete the initial setup. This process takes several minutes.

Additional information about using your ThinkPad computer is in the User Guide. See "Accessing your User Guide" later in this document.
