this tool.

Instructions for operating the Kango Rotary Hammer Type 950

*Before making any attempt to connect
the hammer to an electric circuit,
please read these instructions carefully*

SUPPLY VOLTAGE AND CURRENT

Check that the electrical supply to the work area is in the tolerance of the hammer.

The circuit should be fixed at a value not less than that given for the rated current on the nameplate of the machine. The fitting of the plug must be checked out by an experienced electrician who will decide on the correct type to use in case of any other faulting in the circuit.

CONNECTING UP

This hammer is electrically wired with a 3 core cable in which the earth connection is grounded and a separate earth wire should not be connected.

Fit the 3 pin plug on the hammer lead into the 3 pin socket on the electric supply lead supplied. The bare end of the supply lead should then be fixed with a plug suitable for the supply point. It is a 3 pin plug, it must go to the end of the electric lead and connections must be made in the earth pin.

The 3 pin plug on the hammer lead is 'interlock' primarily designed for use with the special 15 or 20 Hz universal lead, which can be obtained from us on a charge basis.

When the 15 or 20 Hz lead is used the ground of the lead should be connected to the lightning plug in form a weather-proof joint. The 15 or 20 Hz universal lead may be connected to either another universal lead or the supply lead.

LABORATION

All new hammers are delivered packed with grease and tools for 100.

The quantity of the grease in the hammer is adequate for 100 hours and the hammer should then be lubricated as follows, a Kango Oil or an equivalent Kango oil for servicing.

It is found that tools are running dry in the head of the hammer, a little oil or grease should be applied to the tool at intervals when apart from this, no other lubrication is required between 100 hour service.

KANGO TYPE 950 ROTARY ELECTRIC HAMMER

Kango Breaker Manual:

Manual of Soil Laboratory Testing, Soil Classification and Compaction Tests K. H. Head, 1992-03-25 *Manual of Soil Laboratory Testing* K. H. Head, 1992 This volume the first in a set of three is a vital working manual which covers the basic tests for the classification and compaction characteristics of engineering soils It will therefore be an essential practical handbook for all engaged on the testing of soils in a laboratory for building and civil engineering purposes Based on the author's experience over many years managing large soil testing laboratories particular emphasis has been placed on ensuring that procedures are fully understood Each test procedure has therefore been broken down into simple stages with each step being clearly described The use of flow diagrams and the setting out of test data and calculations will be of great benefit especially for the newcomer to soil testing The book is complemented with many numerical examples which illustrate the methods of calculation and graphical presentations of typical results The reporting of test data is also explained Vital information on good techniques laboratory safety the calibration of measuring instruments essential checks on equipment and laboratory accreditation are all included A basic knowledge of mathematics physics and chemistry is assumed but some of the fundamental principles that are essential in soil testing are explained where appropriate Professionals academics and students in geotechnical engineering consulting engineers geotechnical laboratory supervisors and technicians will all find this book of great value Book jacket

Manual of Soil Laboratory Testing, Soil Classification and Compaction Testing K. H. Head, 1980-07-16 **Geoenvironmental Engineering** Raymond N. Yong, Raymond N. Yong, H. R. Thomas, 1999 Geoenvironmental engineering issues are of increasing importance around the world This international trend is apparent in the UK governments active encouragement of the use of brownfield sites for urban development to ease the pressure on the countryside This book contains the collected papers from the 2nd Geoenvironmental Engineering Conference organised by the British Geotechnical Society and Cardiff University's Geoenvironmental Engineering Research Centre

In the Wake of Heroes Tom Cunliffe, 2015-09-10 Tom Cunliffe is one of the biggest names in the sailing world an internationally renowned journalist and speaker and the go to guru when the BBC wants a presenter for a new TV series about maritime interests For the last ten years he has edited the Great Seamanship column of Yachting World magazine Each column features an extract from a classic yachting book that covers an aspect of great seamanship Tom introduces each extract by giving insightful background on the writer their book and what makes their experience so worth reading about and learning from This book comprises Tom's 40 favourite extracts and covers the entire scope of yachting concerns from small boat handling to yacht racing to long distance cruising and exploring Introduced in Tom's quintessential lively engaging fashion and illustrated with photos both from the original books and Tom's own archives this beautifully packaged book contains a wealth of yachting wisdom and is a collection to be treasured

The South African Builder, 1981 Power Farming in Australia and New Zealand Technical Manual, 1982 Public Works Manual, 1991 Travels with the Fossil

Hunters P. J. Whybrow, 2000-04-13 Travels with the Fossil Hunters tells twelve stories of expeditions to remote parts of the world in search of diverse fossils such as dinosaurs and human ancestors Palaeontologists relate the problems and curiosities they encounter whilst working in extreme conditions from the deserts of the Sahara and Yemen to the frozen wastes of Antarctica from the mountains of India to the forests of Latvia They tell us what field expeditions are really like dodging bullets in West Africa or rabid dogs in Pakistan surviving yak butter tea in Tibet or raw fish in China Along the way they also describe the palaeontology and geology of the countries they visit and the scientific reasons for their expeditions Copiously illustrated with spectacular colour photographs and with a foreword from David Attenborough and an introduction from Richard Fortey this fascinating book will appeal to anyone interested in travelling and fossils amateurs and professionals alike

Production Methods and Workability of Concrete P.J.M. Bartos, D.J. Cleland, D.L. Marrs, 2004-06-02 Practical production of ordinary and special high performance concretes and their behaviour and properties when fresh are the main themes of this book It derives from the International RILEM Conference held in Paisley Scotland in June 1996 and represents the culmination of the work of two RILEM Technical Committees 145 WSM Workability of Spec

Popular Culture and Nationalism in Lebanon Christopher Stone, 2007-09-12 Based on an award winning thesis this volume is a pioneering study of musical theatre and popular culture and its relation to the production of identity in Lebanon in the second half of the twentieth century In the aftermath of the departure of the French from Lebanon and the civil violence of 1958 the Rahbani brothers Asi and Mansour staged a series of folkloric musical theatrical extravaganzas at the annual Ba labakk festival which highlighted the talents of Asi's wife the Lebanese diva Fairouz arguably the most famous living Arab singer The inclusion of these folkloric vignettes into the festival's otherwise European dominated cultural agenda created a powerful nation building combination of what Partha Chatterjee calls the appropriation of the popular and the classicization of tradition The Rahbani project coincides with the confluence of increasing internal and external migration in Lebanon as well as with the rapid development of mass media technology of which the Ba labakk festival can be seen as an extension Employing theories of nationalism modernity globalism and locality this book shows that these factors combined to give the project a potent identity forming power Popular Culture and Nationalism in Lebanon is the first study of Fairouz and the Rahbani family in English and will appeal to students and researchers in the field of Middle East studies Popular culture and musical theatre
