City of Noise Aimee Boutin, 2015-05-15 Beloved as the city of light Paris in the nineteenth century sparked the acclaim of poets and the odium of the bourgeois with its distinctive sounds Street vendors bellowed songs known as the Cris de Paris that had been associated with their trades since the Middle Ages musicians itinerant and otherwise played for change and flâneurs writers fascinated with the city's underside listened and recorded much about what they heard Aimee Boutin tours the sonic space that orchestrated the different often conflicting sound cultures that defined the street ambience of Paris Mining accounts that range from guidebooks to verse Boutin braids literary cultural and social history to reconstruct a lost auditory environment Throughout impressions of street noise shape writers' sense of place and perception of modern social relations As Boutin shows the din of the Cris contrasted economic abundance with the disparities of the capital old and new traditions and the vibrancy of street commerce with an increasing bourgeois demand for quiet In time peddlers who provided the soundtrack for Paris's narrow streets yielded to modernity with its taciturn shopkeepers and wide open boulevards and the fading songs of the Cris became a dirge for the passing of old ways

Aloysius Bertrand's Gaspard de la Nuit Beyond the Prose Poem Valentina Gosetti, 2016-03-22 Aloysius Bertrand's *Gaspard de la Nuit* 1842 is a familiar title to music lovers thanks to Ravel's piano work of the same name and to specialists of French literature especially those interested in Baudelaire's prose poetry Yet until very recently the collection and its author have generally been viewed almost exclusively through the prism of their pioneering role in the development of the prose poem By placing Bertrand back in his original context adopting a comparative approach and engaging with recent critical work on the collection Valentina Gosetti proposes a substantial reassessment of *Gaspard de la Nuit* and promotes a new understanding of Bertrand in his own terms rather than those of his successors Through his playful and ironic reinterpretation of Romantic clichés and his overt defiance of the boundaries of poetry and beauty Bertrand emerges as a fascinating figure in his own right This book is one of the first full length studies of Bertrand's work and it will be of particular interest to specialists of the nineteenth century and of provincial literature and to students of nineteenth century poetry or the fantastic

Sketches of the Nineteenth Century M. Lauster, 2007-05-02 This book discusses the visual and verbal city sketches which proliferated during the journalistic revolution of the 1830s and 1840s It shows how sketches transformed models of visual and printed media and of life science into a unique kind of sociology presenting a self critique of the middle class on the brink of industrial modernity

Propaganda and Persecution Renée Poznanski, 2024-01-23 Renée Poznanski's magisterial history of the French Resistance during World War II offers a comprehensive exploration of the most significant issue in that period's social imaginary the Jewish question With extraordinary nuance she analyzes the discourse around Jews and Judaism that pervaded the Resistance's propaganda and debates while closely examining the fate of Jews under Vichy and after Poznanski argues that Jews in France suffered a double persecution one led by the Vichy government the other imposed by the Nazis

Marginalization and exclusion soon led to internment and deportation to terrifying places Meanwhile a propaganda war developed between the Resistance and the official voice of Vichy Poznanski draws on a breathtaking array of sources especially clandestine publications and French language BBC transmissions to show how the Resistance both fought and accommodated the deeply entrenched antisemitism within French society Her close readings of propaganda texts against public opinions probe ambiguities and silences in Resistance writing about the persecution of the Jews and in parallel the numerous and detailed denunciations that could be read in the Jewish clandestine press This extensive synthesis extends to the post Liberation period during which the ongoing persecution of Jews in Europe and North Africa would be portrayed as secondary to the suffering of the nation The winner of the 2009 Henri Hertz Prize by the Chancellerie des Universit s de Paris Sorbonne Propaganda and Persecution makes major contributions to the study of the Resistance and of antisemitism Lenn J Schramm s English translation brings Poznanski s dynamic prose to life *French Romantic Travel Writing* Christopher W.
