Critical Essays on Edward Schillebeeckx's Theology

Corneliu C. Simut,2010-02-18 This book presents the main teachings of Edward Schillebeeckx widely considered one of the most important Catholic thinkers of the twentieth century Schillebeeckx is known for his radical departure from traditional theology which he saw as no longer relevant to the modern world Because today s world has been shaped by a process of secularization heavily based on reason and progress in science technology economics urbanism etc modern people seek relevant answers to their deep existential questions that can be explained rationally In his quest to foster relevant and meaningful answers for today s world Schillebeeckx changed the traditional metaphysical content of Christian theology into explanations that radically reinterpret traditional Christian doctrines Primarily the supernatural essence of Christianity is given up as irrelevant and is replaced by a natural perspective on the world In Schillebeeckx s thoroughly historical and truly immanent theology God is man s terrestrial future Christ the symbol of universal human values and the Church is identified with the world as those communities which share these universal human values Schillebeeckx is convinced that these explanations emptied of metaphysical content can help today s people understand their existence in a new relevant and meaningful way

The Mystery of Jesus Christ Fernando Ocáriz Braña, Fernando Ocáriz, Lucas F. Mateo Seco, José Antonio Riestra, 1994 Written chiefly for theology students the book presents the authentic teachings of Catholic faith to be found not only in the ancient conciliar sources but also in important recent documents dealing with disputed issues of our times Chapters deal with The hoped for Saviour The Coming of Jesus Christ in the fullness of time The Person of Christ Christ the Way the Truth and the Life Redemption

The Christian Treasury, 1846 The River of Life Lee Harmon, 2014-09-10 Are liberals who call themselves Christian truly Christian Do liberal Christians care about the Bible Why Twice before Lee Harmon has written about Christian topics once on the gospel of John and once on the book of Revelation Lee finds that both conservative and liberal Christians often have a dismissive attitude toward one another and so he sets out not to propose a compromise but to seek understanding He writes as a liberal Christian explaining what Jesus means to him and why he finds the Bible fascinating and even essential This is a book that expresses a vigorous spiritual view but which does so for the purpose of inviting conversation and understanding Perhaps those of us who are in different streams of Christian thought need to consider that others also have something to contribute that their disagreements with us do not

represent apostasy or heresy but rather their unique and valuable experience of God The River of Life is suitable for both individual reading and group study and discussion *Orthodoxy, its truths and errors* James Freeman Clarke,1884
