

A large, stylized illustration of Dr. Jekyll in a dark suit and top hat, holding a cane. His face is pale with a serious expression. In the background, a smaller version of him is visible through a doorway, standing on a path that leads into the distance.

Sounding Off Neil William Lerner, Joseph Nathan Straus, 2006 Disability understood as culturally stigmatized bodily difference including physical and mental impairments of all kinds is a pervasive and permanent aspect of the human condition While the biology of bodily difference is the proper study for science and medicine the meaning that we attach to bodily difference is the proper study of humanists The interdisciplinary field of Disability Studies has recently emerged to theorize social and cultural constructions of the meaning of disability Although there has been an astonishing outpouring of humanistic work in Disability Studies in the past ten years there has been virtually no echo in musicology or music theory *Sounding Off Theorizing Disability in Music* is the first book length work to focus on the historical and theoretical issues of music as it relates to disability It shows that music like literature and the other arts simultaneously reflects and constructs cultural attitudes toward disability *Sounding Off Theorizing Disability in Music* promises to be a landmark study for scholars and students of music disability and culture

Priest of Music William R. Trotter, 1995 Mitropoulos was considered one of the most brilliant conductors of the century when he died in 1960 yet within a decade his achievements were largely forgotten This biography based on research by the late musicologist Oliver Daniel looks at the life of the ascetic Greek born artist who led the New York Philharmonic for nearly 10 years and has been equated with titans such as Toscanini It's also a tale of backstage wars among musicians patrons promoters and critics
