*Governing Street-Level Bureaucracies* Kerstin Jacobsson, Håkan Johansson, 2025-04-22 This book examines how caseworkers are governed in today's street level bureaucracies. It redefines our understanding of public sector governance by highlighting the subtle informal and everyday forms of organizational governance that shape caseworkers' subjectivities beyond formal policies and professional identities. Based on four distinct types of normative governance: governance by discourse, governance by emotions, governance by peers, and governance by numbers, colours, and symbols, the book shows how caseworkers are shaped as organizational staff members alongside their roles as welfare professionals and welfare state bureaucrats. *Governing Street Level Bureaucracies* will be of interest to scholars and students in organizational sociology, street level bureaucracy research, public administration, and critical management studies. It also provides valuable insights for policymakers and practitioners seeking to understand caseworkers' responses to public governance and public sector reforms.

*Mind Unchained: Escaping the Overthinking Trap* Gaurav Garg, *Welcome to Mind Unchained: Escaping the Overthinking Trap* If you've picked up this book, chances are you're intimately familiar with the labyrinthine corridors of your own mind. Perhaps you've found yourself trapped in thought spirals that rival the complexity of a Rubik's Cube. Or maybe you've perfected the art of turning a molehill of worry into a mountain of anxiety. If so, congratulations! You're in good company. This book is for the overthinkers, the worriers, the "what if" enthusiasts, and anyone who's ever lost sleep contemplating the potential ramifications of that slightly awkward thing they said at a party three years ago. Full disclosure: I'm a card-carrying member of the Overthinkers Anonymous, we meet every Tuesday unless we overthink it and reschedule. This book is as much a personal journey as it is a guide. Think of me as your slightly neurotic Sherpa on this expedition through the peaks and valleys of the overactive mind. Within these pages, you'll find a blend of

science humor personal anecdotes and practical strategies We ll explore the neuroscience behind overthinking delve into the art of mindfulness and even dabble in the philosophy of present living But don t worry this isn t some dry academic tome I promise there are jokes Some of them are even funny I think I ve been overthinking it We ll journey together through topics like Why your brain loves to play What If on repeat Spoiler It thinks it s helping How to make friends with uncertainty It s not as scary as it sounds promise The art of mental decluttering Marie Kondo for your mind if you will Strategies for taming the wild thought beasts that roam your consciousness And much more But here s the real kicker this book isn t about eliminating overthinking entirely Let s face it that s about as likely as convincing a cat to bark Instead it s about developing a healthier relationship with your thoughts It s about learning to dance with your mind rather than being dragged along by it So if you re ready to embark on this adventure of self discovery mental acrobatics and occasional dad jokes then fasten your seatbelt or don t I m not here to tell you how to live your life or am I overthinking this author reader relationship Remember the journey of a thousand miles begins with a single step Or in our case a single thought about taking that step followed by several hours of contemplating the pros and cons of different walking shoes Let s begin shall we Trusting God to the Promised Land

Carl Barrett,2025-12-04 Are today s times of uncertainty causing stress beyond all measures Are the worries and anxieties of today consuming life to its breaking point With the constant battles daily confronting all people how should these ongoing barriers be combatted Readers must ask if they are seeking more inner peace and strength to cope with the unknown if they truly desire more confidence and enthusiasm in their Christian walk Bottom line are they yearning to grow and mature in their spiritual life to help them overcome all of life s tribulations on this side of heaven If this is their genuine search as a follower of Jesus Christ one crucial component may be missing in life which will help to stay focused and grounded on the path to the future kingdom Trusting God This book will challenge followers of Christ to ensure that their complete trust in God is reflected in daily life If believers have genuinely been saved the evidence of their trust and obedience to biblical truths should be displayed especially during the most intense trials This journey will help Christians become more accountable in their walk with the Lord by applying the truths of Scripture in their everyday lives *Experiencing the Lifespan* Janet
