Understanding Moral Sentiments Hilary Putnam,Susan Neiman,Jeffrey P. Schloss,2014-07-18 This volume brings together leading scholars to examine Darwinian perspectives on morality from widely ranging disciplines evolutionary biology anthropology psychology philosophy and theology They bring not only varied expertise but also contrasting judgments about which and to what extent differing evolutionary accounts explain morality They also consider the implications of these explanations for a range of religious and non religious moral traditions The book first surveys scientific understandings of morality Chapters by Joan Silk and Christopher Boehm ask what primatology and anthropology tell us about moral origins Daniel Batson and Stephen Pinker provide contrasting accounts of how evolution shapes moral psychology and Jeffrey Schloss assesses a range of biological proposals for morality and altruism Turning to philosophical issues Martha Nussbaum argues that recognizing our animal nature does not threaten morality Stephen Pope and Timothy Jackson explore how Darwinian accounts of moral goodness both enrich and require understandings outside the sciences Hilary Putnam and Susan Neiman ask whether Darwin is truly useful for helping us to understand what morality actually is and how it functions The book is a balanced effort to assess the scientific merits and philosophical significance of emerging Darwinian perspectives on morality Multilevel Social Determinants of Individual and Family Well-being: National and International Perspectives Dillon Browne,Nicole Racine ,Brae Anne McArthur,2024-07-03 The social determinants of health perspective stipulates that health and well being for individuals and families are inextricably linked to contextual risk and

protective factors nested across layers of organization At a time of significant social change and environmental stress it is of pressing importance to showcase lifespan research that identifies these social determinants to guide policy and public health response that is sensitive to the historical epoch Poor's Cumulative Service ,1932 *Reducing Interpersonal Violence* Clive Hollin,2018-08-06 There are many types of interpersonal violence that can lead to short and long term physical and psychological effects on those involved Reducing Interpersonal Violence reflects on the World Health Organization's stance that interpersonal violence is a public health problem and considers what steps can realistically be taken towards its reduction Clive Hollin examines interpersonal violence across a range of settings from bullying at school and in the workplace smacking children and partner violence in the home to sexual and other forms of criminal violence in the community This book summarises the research on evidence based strategies to reduce violence and shows that reducing interpersonal violence can have a positive effect on people's wellbeing and may save a great deal of public expenditure This book is an invaluable resource for students and researchers in the fields of psychology criminology law and police studies as well as professionals such as probation staff and forensic psychologists *Handbook of Child Psychology and Developmental Science, Cognitive Processes* ,2015-04-06 The essential reference for human development theory updated and reconceptualized The Handbook of Child Psychology and Developmental Science a four volume reference is the field defining work to which all others are compared First published in 1946 and now in its Seventh Edition the Handbook has long been considered the definitive guide to the field of developmental science Volume 2 Cognitive Processes describes cognitive development as a relational phenomenon that can be studied only as part of a larger whole of the person and context relational system that sustains it In this volume specific domains of cognitive development are contextualized with respect to biological processes and sociocultural contexts Furthermore key themes and issues e.g the importance of symbolic systems and social understanding are threaded across multiple chapters although every each chapter is focused on a different domain within cognitive development Thus both within and across chapters the complexity and interconnectivity of cognitive development are well illuminated Learn about the inextricable intertwining of perceptual development motor development emotional development and brain development Understand the complexity of cognitive development without misleading simplification reducing cognitive development to its biological substrates or viewing it as a passive socialization process Discover how each portion of the developmental process contributes to subsequent cognitive development Examine the multiple processes such as categorizing reasoning thinking decision making and judgment that comprise cognition The scholarship within this volume and as well across the four volumes of this edition illustrate that developmental science is in the midst of a very exciting period There is a paradigm shift that involves increasingly greater understanding of how to describe explain and optimize the course of human life for diverse individuals living within diverse contexts This Handbook is the definitive reference for educators policy makers researchers students and practitioners in human development
