Investing activities typically include the purchase or disposal of long-term resources such as land, buildings, equipment, and machinery. Operating activities include the primary operations of the company, providing products and services to customers and the associated costs of doing so, like utilities, taxes, advertising, wages, rent, and maintenance.

Question 1-6 (LO 1-2)

Typical financing activities would include selling stock and paying dividends to investors, as well as borrowing and repaying debt to creditors.
