The study guide at the end of each chapter features a victorious climber on the summit a celebration that mirrors the student's mastery of the chapter information. What's New in the Third Edition: The new edition of Essentials of Anatomy Physiology by Saladin and McFarland has been significantly updated. A hallmark of previous editions according to both students and reviewers is the exceptionally clear writing. In this new edition we continue our commitment to students with approachable language and relatable examples and analogies. We present current solid scientific information. We have included numerous updates based on recent peer-reviewed journal articles as well as updated clinical examples and disease statistics. We have expanded discussions of health and disease to help students apply concepts of anatomy and physiology to their daily lives.
