The benefits of publishing worship services, wedding ceremonies, sports events, trainings, and audio and video performances to disc are numerous, but outsourcing this task can be time-consuming and expensive. This is why Microboards Technology has a solution designed to meet your CD, DVD, and Blu-ray publishing needs quickly, easily, cost-effectively—and in the comfort of your office.

Your all-in-one production package, the reliable entry-level GX Disc Publisher, combines a high-speed CD/DVD combo recording drive or Blu-ray combo drive, and integrated HP inkjet printer into one device. Designed to handle short-run volumes, with a capacity of up to 50 discs, the GX Disc Publisher delivers a cost per disc of only 23 cents; and it accommodates virtually any disc format, including Dual Layer.

The GX Disc Publisher puts you in command. It sports a sleek, compact design that's only 11.5 inches wide, so it fits conveniently on the desktop for easy, immediate access. Whether you're recording and printing one disc or 50, this device makes the task effortless. Simply set up your job, walk away, and the GX Disc Publisher does the work for you. The technology we use to handle each disc is proven to reduce vibration during the printing process, creating a smoother, cleaner finished image. Plus proven HP inkjet technology enhances the overall image quality with text and images that look amazing, thanks to the brilliant, long-lasting color you can only get with HP Vivera inks and the highest resolution (4800 x 1200 dpi) in the industry.

Included with Microboards GX disc publishers is PrintWrite, a software specifically for disc publishing designed by Microboards. PrintWrite is an easy-to-use program that operates using an intuitive drag-and-drop file selection and step-by-step job creation. A built-in dashboard shows current ink levels, recent jobs submitted, job status, and more. PrintWrite comes with explosive power-user features but remains intuitive for novice PC users. PrintWrite for Mac features many of the same great features as PrintWrite for PC and is included with all GX Disc Publishers.
