Mercedes Manual Reverse:

Mercedes-Benz W201 (190) James Taylor, 2020-09-01 The W201 was a compact saloon designed to address both concerns about fuel economy generated by the first oil crisis in the 1970s and competition for sales from the BMW 3 Series. Many doubted that Mercedes could deliver a compact car whilst retaining their traditional qualities. But the W201 soon won them over. For here was a car that was a real Mercedes in the tradition of the time it was just smaller. With around 200 photographs the book features the reasons behind the need to build a new compact saloon in the 1980s. It covers the styling, engineering and specification changes introduced over the lifetime of the model, gives full technical specifications including paint and interior trim choices and production tables and vehicle number sequences. The story of Mercedes' long and exciting struggle to win the German Touring Car Championship with the 190 is covered. There is a chapter on the special US variants and finally a chapter on buying and owning a 201 series Mercedes.

Mercedes-Benz S-Class 1972-2013 James Taylor, 2013-12-15 Ever since their introduction in 1972 the S Class saloons from Mercedes Benz have been considered the pinnacle of automotive excellence. For most of that time ownership of an S Class at least of a reasonably recent one has been symbolic of material success and of restrained yet impeccable good taste. Several other car makers have nibbled at the edges of the S Class market but none has produced a viable and lasting alternative to the big Benz. Mercedes Benz S Class 1972-2013 charts the evolution and success of the series from the W116 model the first to be designed from the ground up as a large luxury saloon through to the C126 coupe one of the all time Mercedes Benz classic designs. Topics covered include development and production of the W126 saloons and classic W126 coupes, the W140 saloons in the 1990s, the 140 coupes, the W220 models and the elegant 215 coupes, the W221 models introduced at the Frankfurt International Motor Show in 2005, the C216 coupes and the future of Mercedes Benz S Class. Superbly illustrated with 288 colour photographs.
