Into Performance Midori Yoshimoto,2005-04-28 The 1960s was a time of incredible freedom and exploration in the art world particularly in New York City which witnessed the explosion of New Music Happenings Fluxus New Dance pop art and minimalist art Also notable during this period although often overlooked is the inordinate amount of revolutionary art that was created by women Into Performance fills a critical gap in both American and Japanese art history as it brings to light the historical significance of five women artists Yoko Ono Yayoi Kusama Takako Saito Mieko Shiomi and Shigeko Kubota Unusually courageous and self determined they were among the first Japanese women to leave their country and its male dominated conservative art world to explore the artistic possibilities in New York They not only benefited from the New York art scene however they played a major role in the development of international

Challenging Past and Present Ellen P. Conant,2006-02-28 The complex and coherent development of Japanese art during the course of the nineteenth century was inadvertently disrupted by a political event the Meiji Restoration of 1868 Scholars of both the preceding Edo 1615 1868 and the succeeding Meiji 1868 1912 eras have shunned the decades bordering this arbitrary divide thus creating an art historical void that the former view as a period of waning technical and creative inventiveness and the latter as one threatened by Meiji reforms and indiscriminate westernization and modernization Challenging Past and Present to the contrary demonstrates that the period 1840 1890 as seen progressively rather than retrospectively experienced a dramatic transformation in the visual arts which in turn made possible the creative achievements of the twentieth century The first group of chapters takes as its theme the diverse cultural currents of the transitional period particularly as they applied to art The second section deals with the inconsistent yet determinedly pragmatic courses pursued by artists entrepreneurs and patrons to achieve a secure footing in the uncertain terrain of early Meiji Further chapters look at how painters and sculptors sought to absorb and integrate foreign influences and reinterpret their own stylistic mediums

**Art World and Arts & Decoration** ,1910 **Making Modern Japanese-Style Painting** Chelsea Foxwell,2015-07-20 The Western discovery of Japanese paintings at nineteenth century world s fairs and export

shops catapulted Japanese art to new levels of international popularity With that popularity however came criticism as Western writers began to lament a perceived end to pure Japanese art and a rise in westernized cultural hybrids The Japanese response nihonga a traditional style of painting that reframed existing techniques to distinguish them from Western artistic conventions Making Modern Japanese Style Painting explores the visual characteristics and social functions of nihonga and traces its relationship to the past its viewers and emerging notions of the modern Japanese state Chelsea Foxwell sheds light on interlinked trends in Japanese nationalist discourse government art policy American and European commentary on Japanese art and the demands of export The seminal artist Kano Hogai 1828-88 is one telling example originally a painter for the shogun his art eventually evolved into novel eerie images meant to satisfy both Japanese and Western audiences Rather than simply absorbing Western approaches nihonga as practiced by Hogai and others broke with pre Meiji painting even as it worked to neutralize the rupture By arguing that fundamental changes to audience expectations led to the emergence of nihonga a traditional interpretation of Japanese art for a contemporary international market Making Modern Japanese Style Painting offers a fresh look at an important aspect of Japan's development into a modern nation
