Carpio, 2023-10-31 Co winner 2024 Matei Calinescu Prize Modern Language Association By most accounts immigrant literature deals primarily with how immigrants struggle to adapt to their adopted countries Its readers have come to expect stories of identity formation of how immigrants create ethnic communities and maintain ties to countries of origin Yet such narratives can center exceptional stories of individual success or obscure the political forces that uproot millions of people the world over Glenda R Carpio argues that we need a new paradigm for migrant fiction *Migrant Aesthetics* shows how contemporary authors Teju Cole Dinaw Mengestu Aleksandar Hemon Valeria Luiselli Julie Otsuka and Junot Diaz expose the historical legacies and political injustices that produce forced migration through artistic innovation Their fiction rejects the generic features of immigrant literature especially the acculturation plot and the use of migrant narrators as cultural guides who must appeal to readerly empathy They emphasize the limits of empathy insisting instead that readers recognize their own roles in the realities of migration which like climate change is driven by global inequalities Carpio traces how these authors create literary echoes of the past showing how the history of neo colonialism links distinct immigrant experiences and can lay the foundation for cross ethnic migrant solidarity Revealing how migration shapes and is shaped by language and narrative *Migrant Aesthetics* casts fiction as vital testimony to past and present colonial imperial and structural displacement and violence
