Elise S. M. M. X.,2017-11-15 Excerpt from Elise A Story of the Civil War A wave of misguided faith seems sweeping the world in these latter days at a time when all faith in the supernatural is apparently dying out A half truth is always more dangerous than a whole lie There is generally a grain of truth to be found in all heresies which only makes them the more dreadful Spiritualism with its vulgar seances table tipping and silly empty messages from the unseen world is not so dangerous a form of heresy as that which now holds the minds of many under the names of Psychology Mind reading Soul building etc etc About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
