## **Jewish Graduation Speech:**

American Jewry and the Re-Invention of the East European Jewish Past Markus Krah, 2017-11-20 The postwar decades were not the golden era in which American Jews easily partook in the religious revival liberal consensus and suburban middle class comfort Rather it was a period marked by restlessness and insecurity born of the shock about the Holocaust and of the unprecedented opportunities in American society American Jews responded to loss and opportunity by obsessively engaging with the East European past The proliferation of religious texts on traditional spirituality translations of Yiddish literature historical essays photographs and documents of shtetl culture theatrical and musical events culminating in the Broadway musical *Fiddler on the Roof* illustrate the grip of this past on post 1945 American Jews This study shows how American Jews reimagined their East European past to make it usable for their American present By rewriting their East European history they created a repertoire of images stories and ideas that have shaped American Jewry to this day

Cultural Diversity and the U S Media provides opportunities to discover debate and discuss issues surrounding race ethnicity and the role of the media in American society      The Future of Judaism in America Jerome A. Chanes, Mark Silk, 2023-04-19 This book explores the state of the American Jewish world in the early 21st century after decades of accelerating change that has transformed it and all other religious groups in the United States It reveals a community in an unparalleled state of flux grappling with a society in which religious identity is more and more considered an individual choice rather than an inheritance and where fewer adults feel impelled to identify with any religious tradition at all In chapters written by leading experts the book examines the community s evolving demographics the direction of the principal denominational movements contemporary religious trends interactions with other American religious communities and engagements in the country s secular politics This text uniquely covers all these aspects of Judaism in America making it appealing to students and researchers in such fields as the sociology of religion Judaism and American history      The American Hebrew ,1926

Sciarcon, 2017-06-21 During the late nineteenth and early twentieth centuries the Alliance Isra lite Universelle AIU a Paris based Jewish organization founded dozens of primary schools throughout the Middle East Many were the first formal educational institutions for local Jewish children In addition to providing secular education the schools attempted to change local customs and regenerate or uplift communities *Educational Oases in the Desert* explores the largely forgotten history of the AIU s schools for girls in Ottoman Iraq Drawing on extensive archival research Jonathan Sciarcon argues that teachers viewed female education through a gendered lens linked to their understanding of an ideal modern society As the primary educators of children women were seen as society s key agents of socialization The AIU thus concluded that its boys schools would never succeed in creating polished westernized men so long as women remained uneducated leading to the creation of schools for girls Sciarcon shows how headmistresses acted not just as educators but also as models of modernity trying to impart new moral and aesthetic norms onto students      The National Jewish Monthly ,1928
