JEWISH NEW TESTAMENT

Translation by David H. Stern

Jewish New Testament Oe

Robert Henry Charles

Jewish New Testament Oe:

Jewish New Testament David H. Stern, 2023-03-07 Why is this New Testament different from all other New Testaments Because the Jewish New Testament expresses its original and essential Jewishness The New Testament is a Jewish book by Jews mostly about Jews and for Jews as well as Gentiles Its central figure the Messiah Yeshua Jesus was and is a Jew Vicarious atonement salvation immersion baptism the new covenant and the very concept of a Messiah are all Jewish In sum the New Testament is built upon and completes the Hebrew Scriptures Updated with Book Introductions **Jewish New Testament** David H. Stern, 1989-09 Translated by David H Stern Uses neutral terms and Hebrew names Highlights Jewish features and Jewish references Corrects mistranslations from an anti Jewish theological bias 436 pp *The Power New Testament: Revealing Jewish Roots* William J. Morford, 2023-01-04 The Power New Testament is from the One New Man Bible translation The goal of the One New Man Bible is to bring a greater understanding of and appreciation for the Jewish roots of Christianity This translation is part of an ongoing study to learn more about Who God is and to find the deeper meanings of Scripture Because Jesus was and still is Hebrews 13 8 Jewish as was every apostle and every author of the New Testament it was necessary to study much more than just the Greek language to do an accurate translation This involves Hebrew language studies and the teachings of Jewish scholars to come as close as possible to what the Hebrew Scriptures meant to the New Testament authors It is also important to learn about Hebrew idioms that are intact in the Greek text A number of Bible scholars believe that at least the Gospels of Matthew Mark and Luke were originally written in Hebrew partly because there are so many Hebrew idioms and so much Hebrew grammar in the Greek text Whether or not those or other books of the New Testament were originally in Hebrew will not be explored here but this translation makes every effort to translate those Hebrew expressions properly Another goal of this translation is to point out Jewish customs that have often been missed and to explain the meanings of various customs Throughout the text of The Power New Testament there are over 1 700 footnotes and includes access to the One New Man Bible online Glossary <https://www.onenewmanbible.com/glossary> to describe various first century Jewish customs and to explain Hebrew Scriptures Many Jewish sources were studied Among those were the Talmud Mishna Midrash and Zohar but the full list includes many modern Jewish commentaries that draw upon those four but also quote numerous ancient and more recent sources Those studies bring real depth to the subjects in the Glossary but even more importantly that study gives insight into the thinking of Jesus and the Apostles especially the New Testament authors It is important for those of us reading in the twenty first century to understand what a word or expression meant to those who wrote the passages in the first century The Greek text used for this translation is the United Bible Societies Fourth Edition published in 1993 The editors used a scientific method called Textual Criticism to determine which of the more than five thousand ancient manuscripts of the New Testament were closest to what the authors wrote in the first century This method is similar to what the editors of the ancient Greek classics use to determine the most accurate

copies of those writings Because over the centuries there were many additions to the texts as the textual scholars have identified them they have been dropped from some translations or simply identified as added text but still translated This translation leaves out completely all passages positively identified by the editors as additions That makes it possible for you to read a text without the intrusion of material that was not written by the author The common practice is to translate those passages and just add footnotes to identify them as additions This translation has as its goal to be a very readable text that flows from one book to another while preserving much of the Jewish flavor especially the Jewishness of Jesus and much of the power that is in the Greek and Hebrew expressions The people who have worked on this translation all believe that by the laying on of hands we have all the gifts of the Spirit of the Living God the King of the Universe and that God is the same today as when He created the universe and He will remain the same for eternit **New Testament-OE-Easy-To-Read**

,2009-03 The Restored New Testament: A New Translation with Commentary, Including the Gnostic Gospels Thomas, Mary, and Judas Willis Barnstone,2009-09-22 From acclaimed scholar Willis Barnstone The Restored New Testament newly translated from the Greek and informed by Semitic sources For the first time since the King James Version in 1611 Willis Barnstone has given us an amazing literary and historical version of the New Testament Barnstone preserves the original song of the Bible rendering a large part in poetry and the epic Revelation in incantatory blank verse This monumental translation is the first to restore the original Greek Aramaic and Hebrew names Markos for Mark Yeshua for Jesus thereby revealing the Greco Jewish identity of biblical people and places Citing historical and biblical scholarship he changes the sequence of texts and adds three seminal Gnostic gospels Each book has elegant introductions and is thoroughly annotated With its superlative writing and lyrical wisdom The Restored New Testament is a magnificent biblical translation for our age

A Historical Theology of the Hebrew Bible Konrad Schmid,2019-05-09 In this meticulously researched study Konrad Schmid offers a historical clarification of the concept of theology He then examines the theologies of the three constituent parts of the Hebrew Bible the Torah the Prophets and the Writings before tracing how these theological concepts developed throughout the history of ancient Israel and early Judaism Schmid not only explores the theology of the biblical books in isolation but he also offers unifying principles and links between the distinct units that make up the Hebrew Bible By focusing on both the theology of the whole Hebrew Bible as well as its individual pieces *A Historical Theology of the Hebrew Bible* provides a comprehensive discussion of theological work within the Hebrew Bible **The Bible's Many Voices**

Michael Carasik,2014-04-01 The most common English translations of the Bible often sound like a single somewhat archaic voice In fact the Bible is made up of many separate books composed by multiple writers in a wide range of styles and perspectives It is as Michael Carasik demonstrates not a remote text reserved for churches and synagogues but rather a human document full of history poetry politics theology and spirituality Using historic linguistic anthropological and theological sources Carasik helps us distinguish between the Jewish Bible s voices the mythic the historical the prophetic the

theological and the legal By articulating the differences among these voices he shows us not just their messages and meanings but also what mattered to the authors In these contrasts we encounter the Bible anew as a living work whose many voices tell us about the world out of which the Bible grew and the world that it created Listen to the author s podcast
