Serge Denisoff,William D. Romanowski,2011-12-31 The role of motion pictures in the popularity of rock music became increasingly significant in the latter twentieth century Rock music and its interaction with film is the subject of this significant book that re examines and extends Serge Denisoff s pioneering observations of this relationship Prior to Saturday Night Fever rock music had a limited role in the motion picture business That movie s success and the success of its soundtrack began to change the silver screen In 1983 with Flashdance the situation drastically evolved and by 1984 ten soundtracks many in the pop rock genre were certified platinum Choosing which rock scores to discuss in this book was a challenging task The authors made selections from seminal films such as The Graduate Easy Rider American Grafitti Saturday Night Fever Help and Dirty Dancing However many productions of the period are significant not because of their success but because of their box office and record store failures Risky Business chronicles the interaction of two major mediums of mass culture in the latter twentieth century This book is essential for those interested in communications popular culture and social change **I Was a Potato Oligarch** John Mole,2010-12-15 In a charming saga of sun sea sand and cement John Mole tells of the back breaking but joyous labours of fixing up his own Arcadia and introduces a warm generous and garrulous cast of characters who helped and occasionally hindered his progress **Typo Graphic** ,1971 **Casting a Giant Shadow** Rachel S. Harris,Dan Chyutin,2021-07-06 Film came to the territory that eventually became Israel not long after the medium was born Casting a Giant Shadow is a collection of articles that embraces the notion of transnationalism to consider the limits of what is Israeli within Israeli cinema As the State of Israel developed so did its film industries Moving beyond the early films of the Yishuv which focused on the creation of national identity the industry and its transnational ties became more important as filmmakers and film stars migrated out and foreign films filmmakers and actors came to Israel to take advantage of high quality production values and talent This volume edited by Rachel Harris and Dan Chyutin uses the idea of transnationalism to challenge the concept of a singular definition of Israeli cinema Casting a Giant Shadow offers a new understanding of how cinema has operated artistically and structurally in terms of funding distribution and reception The result is a thorough investigation of the complex structure of the transnational and its impact on national specificity when considered on the global stage **TD & T** ,1998 **Theatre Design & Technology** ,1998 **Where Were You When-- the Music Played?** Michael Heatley,2008 Using spectacular photographs and moving personal memories this book captures the story of pop music moments from 1955 with Rock Around the Clock to the Grammy Awards in 2008 Full color photos throughout Christian Victory ,1971 Art & Antiques ,1998 Central Opera Service Bulletin ,1990
