Imagination Illustrated Karen Falk,2012-11-07 Compiled directly from The Jim Henson Company archives *Imagination Illustrated* adapts the diary that Jim faithfully kept throughout his career supplementing it with a trove of little seen visual material including rare sketches personal and production photographs storyboards doodles and much more Throughout archivist Karen Falk delves into the behind the scenes details of Henson s life and his artistic process P 4 of cover Jim Henson: The Works Christopher Finch,1993-10-12 Jim Henson s life from adolescent forays into cartooning to his early puppeteering for commercials from his first glimpse of broadcast success to his triumph as progenitor of the most widely seen TV show in history **Jim Henson** Joan Stoltman,2018-07-15 Young readers finally have an opportunity to hear the story of the man behind Kermit the Frog Yoda Big Bird and many other timeless world famous puppet sensations The life of Jim Henson is the story of a singular remarkable artist with a vision drive and passion to educate Through captivating photography quotes from the man himself and focused age appropriate language readers have the chance to learn this modern television success story and be motivated and inspired to explore their own artistic voice and vision **Jim Henson** Nathan Aaseng,1988 Recounts how Jim Henson brought to life the Muppets and how he made other advances in the world of puppetry *American Legends* Charles River Editors,2014-06-21 Includes pictures Includes Henson s own quotes about his life and career Includes a bibliography for further reading When I was young my ambition was to be one of the people who made a difference in this world My hope is to leave the world a little better for having been there Jim Henson A lot of ink has been spilled covering the lives of history s most influential figures but how much of the forest is lost for the trees In Charles River Editors American Legends series readers can get caught up to speed on the lives of America s most important men and women in the time it takes to finish a commute while learning interesting facts long forgotten or never known When people discuss the great television characters of all time names such as Lucille Ball Andy Griffith and Jerry Seinfeld are frequently mentioned but so are fictional characters like Kermit the Frog What makes Kermit an interesting choice is the fact that he s a Muppet and just one of Jim Henson s many iconic Muppets at that Millions of people are instantly familiar with Muppets like Kermit Oscar the Grouch Yorick and Miss Piggy and while the Muppets may lack the physical dimensions of the human television characters listed above there is no denying the influence they have exerted on America s youth and popular culture more broadly Their popularity remains undiminished even several decades following their inception If the Muppets are among the most famous of all television characters their significance also stems from the way in which their purpose was

always about more than simply entertainment Put simply the Muppets have played an instrumental role in the education of America s youth and there existed an educational imperative behind much of what Jim Henson created For many children learning to count learning to read and on a broader level learning to make sense of the world have all involved the Muppets either on Sesame Street 1969 or the many other movies and shows that have featured Jim Henson s characters Of course Henson s genius was also on display in the way he was able to captivate not just young children but also adults as well As his career evolved Henson began exploring more adults themes and it is not for nothing that children and adults alike mourned his premature death in 1990 Henson s early passing leaves many questions unanswered regarding the direction that his future work would have taken but even so he left behind a broad and diverse body of work even if existing loosely within the domain of puppetry He began his career at an early age and for someone who died so young his career was quite robust and balanced innovation with the repetition of salient themes Indeed Henson s works emphasized morality and the value of dreams desires education and cooperation American Legends The Life of Jim Henson looks at the life and work of Jim Henson from his childhood in Mississippi and Maryland to his young death in 1990 at the age of 53 Along with pictures of important people places and events you will learn about Jim Henson like never before in no time at all [The Wider Worlds of Jim Henson](#) Jennifer C.
