## **Murder By Ritual:**

*Mortal Remains* Henry Scammell, 1991      **Human Sacrifice** Jimmy Lee Shreeve, 2015-01-20 Welcome to the terrifying world of ritual sacrifice Around the world humans are being trafficked kidnapped sold and enslaved for the specific purpose of sacrifice Mass scale migration has seen these gruesome techniques exported from the land of the Aztecs and finding their way to the United States Britain and many other locations worldwide Voodoo priests in London have been linked to ritual murders and not long ago a Palo Mayombe priestess's New York City apartment yielded its grisly secrets One New Jersey investigator says that sacrificial rites are not only going on today but can be traced back ninety years in the States alone Jimmy Lee Shreeve takes us on a nightmare journey following the initial investigations of Scotland Yard into the murder of a five year old boy whose torso was found floating in the Thames in 2001 and traveling to Africa to unveil a grim trade of exporting humans for sacrifice He uncovers the dark side of voodoo and muti magic linked with a score of sacrifices and murders and in Mexico finds a devotee of Palo Mayombe responsible for torturing his victims and boiling them in a cauldron Along the way Shreeve brings his own brand of offbeat detective skills to the fore providing startling conclusions to some of the world's most horrific murders Brutal and disturbing *Human Sacrifice* takes us into the dark world of twenty first century ritual murder

**Using Murder** Philip Jenkins, In the last decade serial murder has become a source of major concern for law enforcement agencies while the serial killer has attracted widespread interest as a villain in popular culture There is no doubt however that popular fears and stereotypes have vastly exaggerated the actual scale of multiple homicide activity In assessing the concern and the interest Jenkins has produced an innovative synthesis of approaches to social problem construction It includes an historical and social scientific estimate of the objective scale of serial murder a rhetorical analysis of the construction of the phenomenon in public debate and a cultural studies oriented analysis of the portrayal of serial murder in contemporary literature film and the mass media *Using Murder* suggests that a problem of this sort can only be understood in the context of its political and rhetorical dimension that fears of crime and violence are valuable for particular constituencies and interest groups which put them to their own uses In part these agendas are bureaucratic in the sense that exaggerated concern about the offense generates support for criminal justice agencies But other forces are at work in the culture at large where serial murder has become an invaluable rhetorical weapon in public debates over issues like gender race and sexual orientation Serial murder is worthy of study not so much for its intrinsic significance but rather for what it suggests about the concerns needs and fears of the society that has come to portray it as an ultimate evil *Using Murder* is a highly original study of a powerful contemporary mythology by a criminologist and historian versed in the constructionist literature on the origins of moral panics
