A collection of truly unique traditions are interrogated through a variety of contemporary methodologies. Readers are privileged to hear about children's musical worlds from children, mothers' musical worlds from mothers, a struggle to engage with music in a closed society and new gender politics among other stories. Researchers share experiences and insights gained from applying their chosen methodologies and add to the debate that shapes the continually transforming domain of music education research. Musical Childhoods builds on the diverse inquiry presented in the first three volumes in the series. This volume is an important addition to the libraries of colleges of education and schools of music as well as music scholars and educators, researchers and graduate students who are concerned with advancing both the scope and quality of research in the study of music teaching and learning. **Classroom Music for Little Mozarts -- Curriculum Book & CD, Bk 2: 10 Sequential Lessons for Ages 4-6, Book & CD** Christine H. Barden, Donna Brink Fox, Karen Farnum Surmani, Gayle Kowalchyk, E. Lancaster, 2007 This adaptation of the Music for Little Mozarts piano curriculum is designed to provide classroom music instruction for 4, 5 and 6 year olds in the preschool or kindergarten setting. It is a comprehensive approach to musical learning that develops singing, movement and listening skills simultaneously with an introduction to musical styles and concepts. Ten detailed lesson plans are included along with reproducible activity pages for the children. The curriculum materials combine to create an exciting and imaginative atmosphere in the classroom. For music teachers who want to offer this program, piano accompaniments are included as an optional enhancement to the lesson.
