The Government's motorcycling strategy Great Britain: Parliament: House of Commons: Transport Committee, 2007-03-29  
The Government's Motorcycling Strategy was published in February 2005 with the aim of facilitating motorcycling as a choice of travel within a safe and sustainable transport framework. It had a strong focus on safety including provision on the highway including road design and maintenance encouraging safer bike design promoting correct helmet fitting and improving rider training. This inquiry looks at the progress in implementing the strategy. In addition, it also considers changes to motorcycle licensing arrangements and action that might be taken to reduce the risk posed by mini motos and go-peds.
