Supporting Reading in Grades 6–12 Sybil M. Farwell, Nancy L. Teger, 2012-06-11 This book presents a curricular framework for students grades 6–12 that school librarians and teachers can use collaboratively to enhance reading skill development, promote literature appreciation and motivate young people to incorporate reading into their lives beyond the required schoolwork. Supporting Reading Grades 6–12: A Guide addresses head-on the disturbing trend of declining leisure reading among students and demonstrates how school librarians can contribute to the development of lifelong reading habits as well as improve students' motivation and test scores. The book provides a comprehensive framework for achieving this: the READS curriculum, which stands for Read as a personal activity, Explore characteristics, history and awards of creative works, Analyze structure and aesthetic features of creative works, Develop a literary-based product, and Score reading progress. Each of these five components is explained thoroughly, describing how school librarians can encourage students to read as individuals, in groups, and as school communities support classroom teachers' instruction and connect students to today's constantly evolving technologies. Used in combination with an inquiry/information skills model, the READS curriculum enables school librarians to deliver a dynamic, balanced library program that addresses AASL's Standards for the 21st Century Learner.

Leaf Runner John C. Stroebe, 2025-04-04 Mercer Evans, a talented junior analyst for a hedge fund who is habitually late for work, starts experiencing vivid dreams that feel more like memories, flashes of places he's never been and people he's never met. But then his uncle sends him an old map with Madagascar circled in red. He thinks it's nothing more than a curious family relic until he realizes there's more to his family's history than he ever imagined. Haunted by his brother's disappearance and driven by a need for answers to the dreams plaguing him, Mercer digs into his ancestry, uncovering a legacy that stretches back centuries. From the modern streets of New York City to the ancient ruins of Wales and the colonial past of Madagascar, Mercer searches to find the answers he seeks. But with every step forward, Mercer and his sister Lizzy find themselves tangled in a deeper mystery, one that powerful forces are desperate to keep hidden. Mercer's dreams reveal hidden truths about his ancestors' secrets tied to pivotal moments in history. As he and Lizzy follow the trail of clues left behind, they discover that some of their family's choices have had far-reaching consequences. And now Mercer faces an impossible decision: uncover the truth and risk rewriting history, or let the past remain buried. But the past isn't the only thing chasing Mercer. A secret organization that has been manipulating history is watching his every move. If Mercer uncovers too much, he may not live long enough to share what he's found. Set against a backdrop of rich historical landscapes and high-stakes suspense, *Leaf Runner* is a gripping story about family legacy and the power of hidden truths. Perfect for fans of historical thrillers, supernatural mysteries, and stories where the past and present collide, *Leaf Runner* will keep you guessing until the very last page.
